

THINKS WOMEN CAN END WAR

First Give Them the Vote Says Mrs. Lawrence.

English Militant Arrives with a Message of Hope.

As it is, She Feels Idiots Rule the World.

NEW YORK BUREAU OF THE TIMES, Oct. 26.—Mrs. Lawrence, one of the most active suffragists, who has been in England for some time, arrived here today for a series of lectures.

The arrival of Christabel Pankhurst, a week or two ago on the same ship, was a great event to her friends, who have been waiting for her.

Mrs. Lawrence is convinced that the war is a result of the lack of education and the lack of the vote for women.

She is a United States citizen, and she is a member of the National American Woman's Suffrage Association.

She is a militant, and she is a member of the Women's Social and Political Union.

She is a member of the Women's Social and Political Union, and she is a member of the Women's Social and Political Union.

PROGRESSIVES IN DILEMMA IN SEARCH FOR ALIBI.

Johnson Henchmen are Moving Heaven and Earth in Their Efforts to Shift the Blame for Throwing the Old Veterans of the Yountville Home Out into the World, Penniless and Crippled.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Oct. 26.—There was a great scurrying today of Progressive politicians to deny that crippled old soldiers were being discharged from the State Veterans' Home at Yountville in a frenzied effort on the part of the Johnson machine to reduce Capt. Fredericks' expected majority at the Home.

Johnson's board of directors hurried to Yountville and solemnly declared that it is not true that the explanation given Saturday by Col. Bowen, the commandant, that the men are being put out of the Home because they are penniless and fully capable of earning their own living.

SHIFT THE BLAME. Unlike Col. Bowen, however, who stated Saturday that the order came from the board, the directors passed to Col. J. C. Wadsworth, assistant director of soldiers' homes, the blame for turning a lot of penniless old veterans out of the Home. But, to be sure, the explanation given Saturday by Col. Bowen, the commandant, that the men are being put out of the Home because they are penniless and fully capable of earning their own living.

ENGINE BUCKS. Just as the Progressive touring car entered Crow's Landing, the big engine bucked and Ray Rogers, the captain's driver, with the baggage, was left behind to make the repairs. A number of Progressive women met Mr. Fredericks there and took him to one of their machines. The rest of the party were taken care of by Frank Cressy, chairman of the Stanislaus County Central Committee; George Cressy, and other members of a Republican committee. The captain spoke briefly at Crow's Landing. At Modesto at noon a large crowd sat in the sun for nearly an hour, and heard the Republican gubernatorial candidate. After lunch at the Modesto Club, the party augmented by a delegation from Stockton, headed by P. R. Israel, chairman of the local county committee, proceeded to Lodi.

C. J. Sullivan, the captain's secretary, went on ahead and addressed the largest political rally Lodi has seen this year. Sullivan, a former member of the Progressive party, is a powerful speaker. The Republican standard bearer made a brief, but extremely effective speech and then enjoyed dinner at the Lodi Hotel. The Progressive party, headed by P. R. Israel, chairman of the local county committee, proceeded to Lodi.

PORTLAND'S FIRST RECALL. Mayor and Two Commissioners Charged with Incompetency and Extravagance Will Fight for Office. [BY A. P. NIGHT WIRE.]

PORTLAND (Or.) Oct. 26.—The first municipal recall election in Portland's history will be held Tuesday, when the electorate will decide whether Mayor H. R. Abbe and Commissioners Robert G. Dick and William L. Brewster shall continue in office or shall be retired.

The charges against each of the three officials include inefficiency, incompetency and extravagance in office. The Mayor is further charged with retaining his position as local manager of an insurance company, in violation of his oath of office.

Opposing Mayor Abbe on the ticket for election in case he shall be recalled, are B. E. Kennedy, who managed Mr. Abbe's campaign prior to his election as Mayor, and Eugene B. Smith, who is running as a Socialist.

Commissioner Dick is opposed for Commissioner of Public Works by H. E. Abry, formerly an employee of the City Engineer's department, and Dr. George Parrish. W. A. Lee is running against Commissioner of Public Affairs Brewster.

In accordance with a decision rendered by the Supreme Court last week the voters must first vote on the question as to whether the three officials shall be recalled and then upon the same ballot vote for the respective candidates favored to succeed each, in case the vote on the question of recall shall be affirmed.

The City Commissioners, W. A. Daly and Bigelow, are not included in the recall movement and will continue in office regardless of the result of the election.

All of the officials concerned were elected to office five months ago, the Mayor for a four-year term and the two Commissioners for two years each.

OFF FOR THE SOUTH POLE. [BY ATLANTIC CABLE AND A. P.]

BUENOS AYRES, Oct. 26.—The British Antarctic expedition, headed by Lieut. Sir Ernest H. Shackleton, departed southward today.

THE FREIGHT RATE CASE. Interstate Commerce Commission Is Expected to Make up Its Mind Some Time in November. [BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 26.—Prompt decision by the Interstate Commerce Commission on the long application of the eastern railroads for authority to raise their freight rates, is expected after the November conference of the commission. Arguments will be heard Thursday.

Is generally understood that the rate case will be given right of way at the November conference and probably will be decided within a week or ten days.

SO DIEDERICH WILL STAY. The Germans Have Brussels Now and They Have No Objection at All to His Ancestry. [BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 26.—It was decided today that the Senate in executive session here just before adjournment of Congress Saturday rescinded its action confirming the transfer of Consul-General Harry W. Diederich from Antwerp, Belgium, to Barcelona, Spain, in place of Consul-General Carl Bailey Hurst, transferred to Antwerp.

Rescinding of the transfer was said to be based on the fact that the Germans had taken Antwerp since operations were made by Belgium against Diederich because of his German ancestry.

Republican Campaign Expenses. [BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 26.—Total expenditures of the Republican Congressional Campaign Committee according to the report filed today with the clerk of the House of Representatives for the November elections were \$24,767.88. Receipts were \$25,432.59.

Flag Indictment Stands. [BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 26.—The Supreme Court today declined to grant the New York Federal Courts to annul the indictment against Jared Flag, indicted with Daniel H. Morgan, former Treasurer of the United States and now on trial in New York, charged with alleged misuse of the mails in selling stocks.

Oregon Minimum Wage Case. [BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 26.—The Supreme Court today advanced for hearing on December 7 the Oregon minimum wage law case.

WASHINGTON, Oct. 26.—The Supreme Court today advanced for hearing on December 7 the Oregon minimum wage law case.

WASHINGTON, Oct. 26.—The Supreme Court today advanced for hearing on December 7 the Oregon minimum wage law case.

WASHINGTON, Oct. 26.—The Supreme Court today advanced for hearing on December 7 the Oregon minimum wage law case.

BUILDING FALLS, THREE MEN KILLED

NEW HIPPODROME IN YOUNGSTOWN COLLAPSES, BURYING SEVEN WORKMEN.

[BY A. P. NIGHT WIRE.]

YOUNGSTOWN (O.) Oct. 26.—Three men are dead and three others are in a hospital as the result of the collapse of the third floor of the new Hippodrome building late today, which buried seven men under tons of concrete and steel.

Of the seven men three were rescued alive and three bodies were recovered. One man is still unaccounted for. It was reported at first that twenty men had been caught, but later investigation by the contracting company showed all accounted for but one. None of the dead have been identified.

INDIAN EDUCATION. Only a Thousand of the Forty-Five Hundred in California of School Age Well Cared For. [BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 26.—That only 1000 of the 4500 California Indians of school age are provided with adequate educational facilities is asserted by the recently-appointed Indian Board of Co-operation of this city. The board, headed by Franklin K. Lane, Secretary of the Interior, is urging that more schools be established.

THE ONLY REASON. Every one of the discharged veterans who could be found and interviewed declared that it is not true that the explanation given Saturday by Col. Bowen, the commandant, that the men are being put out of the Home because they are penniless and fully capable of earning their own living.

With his discharge each of the broken, old soldiers who were turned out last week received a blank application for readmission, and on the discharge it was noted that "no reason exists against his readmission." But, to be sure, the explanation given Saturday by Col. Bowen, the commandant, that the men are being put out of the Home because they are penniless and fully capable of earning their own living.

ALL MAY LOSE VOTE. In the light of the denial of the Yountville board of directors that they were turning the old soldiers for political reasons, it is interesting to see how the voters voted at the primary election. The total vote cast in the three precincts into which the home is divided was 423. Of this the total Republican vote was 248, the Progressive vote, 112, and the Democratic vote, 63. The Republican majority over Johnson was 116. Capt. Fredericks beat the three other Republican candidates and still had a majority of twenty-eight over Johnson.

The board of directors who were discharged from the Yountville home last week, as there is no support for them in the neighborhood, and thus lose their vote. Being penniless, none of them have any hope of being able to return for election day.

Immunize law cases. The New York Tribune cases, involving the right of the government to compel a newspaper editor or reporter to furnish the source of his information, also was advanced to the same date.

WOMEN DISCUSS NEW LEGISLATION. BILL FOR CERTAIN SCHOOL ATTENDANCE IS GIVEN INDORSEMENT. [BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Oct. 26.—Fifty delegates, representing twenty-three women's organizations of the State with a combined membership of more than 60,000, today gathered in San Francisco at the annual meeting of the Woman's Legislative Council of California, to discuss proposed measures for presentation to the next Legislature. Several bills were discussed, but only one was endorsed.

The measure that was given the council's approval is a proposed amendment to the State law to make it compulsory for children to attend school until they are able to pass eighth grade examinations. As it is at present, the requirement is according to the age of the child, rather than his accomplishments.

Two other bills were referred back to committees for revision. One is to amend the bill regarding the compulsory retirement of women while the other is known as the woman juror bill.

Mrs. J. L. Harbaugh of Sacramento, president of the body, presided.

Praises This Remedy for Lung Trouble

Many people are led to believe that lung trouble is uncurable. This is not the case. Many have been restored to health by Eckman's Alternative. Investigate this!

"Gentlemen—in 1908 I had a severe cough for six months. I tried all the medicine that my doctor recommended, but no results came from the better. I had night sweats, and would cough and spit up blood. I was in a desperate condition. I got as weak as I could hardly do anything. In one week there was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever in my life. I truly believe Eckman's Alternative will relieve any case of lung trouble taken before the last stage." (Abbreviated.)

(Affidavit) A. B. BETHENSWORTH, Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and subduing the system. Contains no harmful or habit-forming drugs. Long and successful use. Small size, 25¢ regular size, \$1. Sold by The Owl Drug Co. and leading druggists. Write Eckman Laboratories, Philadelphia, Pa., for booklet of recoveries.

"I Love You California" Let's Keep Her As She Is

You Came to California Because You Liked It.
You Stay Here Because You Like It.
Why Change It?

VOTERS will be slow to change the conditions which the State has made an unrivaled, prosperous growth at the bidding of a lot of paid agitators from less favored locations.

They will not make this great State a byword and laughing stock. They will not by their votes destroy one of the greatest industries of the State.

Prohibition would ruin the entire vineyard industry, for about 60% of the table grapes and a large part of the raisin grapes NOW GO TO THE WINERIES.

If they have the improvements of conditions at heart, Prohibition advocates had better find positions for the present unemployed, than add thousands upon thousands to the already large army of idle men in California.

No cafe, restaurant or club could serve wine or beer, should Prohibition carry.

It would be unlawful to serve wine or alcoholic beverages in one's home as an act of hospitality, when no money or thing of value, is received in return therefor.

Are you ready for such drastic conditions?
Do you want to tie your hands in this manner?
YOU CERTAINLY DO NOT.
Then Vote "NO" on Amendment No "2"
and Retain Your Personal Liberty

TAKE A CENSUS OF GERMAN PRISONERS
[BY A. P. DAY WEEK]
WASHINGTON, Oct. 26.—At the request of Prince von Hatzfeldt Trachenberg, Chancellor of the German Embassy here, the State Department today undertook to determine the number and location of the German prisoners in France, through American diplomatic and consular officers.

ENGLISH ADMIRALS FOR RUSSIAN SHIPS.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 26, 11:35 p.m.—A dispatch received tonight by the Marconi Wireless Telegraph Company from Berlin, says that the Vienna Reichspost reports that several days ago a new Anglo-French-Russian naval convention was concluded under which chief command of the Russian Baltic and Black Sea fleets is placed in the hands of British admirals. Great Britain, according to the newspaper, undertakes to reinforce those fleets with its own squadron.
"The chief of the Russian Socialist party," the wireless dispatch continues, "points out in a communication to M. Vandervelde, the Belgian Minister of State, and leader of the Socialist party in Belgium, that victory for the Russian government would strengthen the anti-democratic party in Russia and abroad, and that the Russian government would become the center of the reactionary world. The policy of the Russian proletariat would therefore be in no circumstances to help the Russian government."
"Apparently nothing can withstand our heavy siege guns. The fall of the city is a matter of time. The city is doomed. The effect of these guns has been to demolish town after town and to bring them back to the sea."

THE WEATHER BACK EAST.

Blizzard Huges Over the Middle West and the Temperature is Rapidly Going Down.
[BY DIRECT WIRE-EXCLUSIVE DISPATCH.]
CHICAGO BUREAU OF THE TIMES, Oct. 26.—Chicago experienced its first touch of winter today, with snow, sleet and rain, driven by a furious tempest. Maximum temperature was 44 deg., but tonight it is sinking rapidly and may touch 20 deg. by morning. Blizzard raged over portions of Wisconsin, Minnesota and Michigan with heavy snow. The Ohio Valley also is cold, below 40 deg. tonight, and St. Louis also is below 40 deg., indicating the spread of the cold wave. All the Southwest and Middle West is cold and Eastern States are 12 deg. lower than yesterday. Other temperatures:

SPARE THE ROD, SPOIL THE CHILD.

COURT ORDERS GOOD APPLICATION OF BIRCH FOR THREE SCHOOL BOYS.
[BY A. P. DAY WEEK]
PLYMOUTH (Mass.) Oct. 26.—A thrashing at home with a birch rod was the sentence pronounced in the Superior Court today by Judge Hugo A. Dubuque in the case of three grammar-school boys charged with breaking and entering a cottage. The boys, Edward Clough and Frank and Antonio Perry, escaped alternative sentences of confinement in a reform school when their parents promised that they would carry out the court order.

Judge Dubuque gave some instructions about the proper way to inflict punishment.
"Lay it on good and plenty, but don't cut them," he said; "only apply the birch so it will smart. If you can't do it right without temper get someone else to do it for you."

CAMINETTI AND CURTIN
Federal and State Ends of Democracy Speak to a Few Hearers in the Bay District.
[BY DIRECT WIRE-EXCLUSIVE DISPATCH.]
SAN FRANCISCO, Oct. 26.—Commissioner-General of Immigration Anthony C. Caminetti and Senator John B. Curtin, Democratic nominees for Governor, spoke from the same platform here tonight at a Democratic rally in the north beach district. Caminetti talked part of the time to his audience in Italian and roused enthusiasm by his indorsement of Curtin.

"It was John B. Curtin who took the oath of the corporations off of the people of California by his Amendment No. 1," said Caminetti.
Curtin spoke tonight at five meetings and today spoke in many sections of the city, visiting the manufacturing and commercial districts. He will be in San Francisco tomorrow and then will leave for the south to complete his campaign.

Terrible Price Paid.

(Continued from First Page.)
tionary forts which they destroyed so easily.
ALSACE.
While the life and death struggle is going on in the west the French have become more active in the east along the Alsatian border and are said to be making preparations and securing advanced positions in view of possible attacks by the German with their big howitzers on the Belfort fortress. It now seems to be realized that no fortress has any chance of holding out when once these big German guns are brought into action against it.

POLAND.
The German official report tonight again speaks of the German offensive on Augustow, Russian Poland, which it declares is progressing. It reiterates that the battle near Ivanogorod although favorable to the Germans remains undecided.

GALICIA.
In Galicia and in the Carpathians the Russians also claim to have broken down the Austrian offensive. As the days come and go and the promised visits of the Zeppelin airships to England do not materialize the public seemingly is beginning to believe that these monster air craft are being held in reserve for the day that the German navy comes out and that they will be used in force to assist the warships in an endeavor to cripple the British fleet.

GERMANS PROTEST SEIZURE OF SHIP.
[BY ATLANTIC CABLE AND A. P.]
THE HAGUE (via London), Oct. 26, 10:55 p.m.—The German Minister here announces that his government has lodged a protest against the seizure by Great Britain of the German hospital ship Ophelia, declaring this act was in violation of The Hague convention.

The Ophelia was taken into Yarmouth Roads October 19 by a British cruiser, which had picked her up in the North Sea. She was flying the Red Cross flag when boarded. The vessel was fitted with fifty beds and had a complete equipment for a floating hospital.

RED CROSS MONEY SENT TO EUROPE.
[BY A. P. DAY WEEK]
WASHINGTON, Oct. 26.—The American Red Cross through the State Department today transmitted by telegraph \$65,000 from its European war relief fund as follows:
American Ambassadors, Paris, for the American ambulance corps, \$35,000; American Ambassador at London, for the American hospital at Falmouth, \$10,000; American Consul at Munich, for the American hospital, \$10,000; American Ambassador at Berlin, for the two hospitals in Germany, where the American Red Cross is on duty, \$10,000; American Minister at Vienna for the hospitals, where the American Red Cross is on duty, \$10,000.

Every family should be provided with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at this season of the year. (Advertisement.)

MAY ABOLISH THE ALPHABET

All Because it was Invented by Non-union Man.

This Logical Result of Order by a Cleveland Judge.

Superintendent of Schools in Contempt of Court.

ST. CLEVELAND (O.) Oct. 26.—John William H. Neff today held J. M. Frederick, school superintendent, who discharged teachers who were members of a teachers' union, guilty of contempt of court, and set next Monday as the date for pronouncing sentence upon him.

Neff is to sentence Frederick under the contempt statute, which provides a maximum penalty of \$100 fine, ten days in jail, or both. The judge intimated that if Frederick reinstated the teachers it will minimize his offense and lighten his punishment. When Neff announced this as the day of sentence, D. C. Wether, school board president, appeared for Frederick, with City Law Director Stockwell, both told the judge that Frederick would not reinstate the teachers. Frederick was fined \$100 and sentenced to ten days in jail. Frederick refused to discuss Judge Neff's decision as he was leaving the courtroom.

Neff's ruling was a victory for Cleveland grade teachers in their fight for the right to unionize. Frederick and the school board had been fighting the teachers' unionization movement since the summer. The teachers' union, the Cleveland Teachers' Association, had been organized by Marie Claus, Isabelle Campbell, George Stinger, Mabel Dreher and Ben and Mable Schaeffer.

Neff branded Frederick's contention and excuses for dropping the teachers as "bare, bald, evasive and pretentious."

He charged Frederick with "crushing the teachers' union," "tyranny," and "violation of the law." Frederick, by the act of ousting the teachers, was held to have violated his injunction, issued June 9. The injunction forbade enforcement of a school board resolution after the teachers' union was barred from unionizing. The board resolution barred union teachers from Cleveland schools.

A crowded courtroom heard Neff read his decision. Frederick and his counsel were in court, but the counsel for the teachers, J. C. Matthews, Attorney D. C. Wether, school board president, and City Law Director Stockwell, who were Frederick's counsel, will take steps for an immediate appeal of the order to the supreme court.

POOR COLORADO A STATE AGAIN

NEXT MONTH SHE WILL GET ALONG WITHOUT FEDERAL TROOPS.

DENVER (Colo.) Oct. 26.—Mr. M. Ammons stated today that he would soon advise President Wilson on or about November 11 that Colorado could be withdrawn from the list of states requiring federal troops. The state would maintain the ability for the maintenance of order in its own hands.

Ammons, who is in charge of the Colorado National Guard, said that he had received word from the federal troops that they would be withdrawn from the state by November 11.

He stated that 402 of the Colorado National Guard were in the southern part of the state, where they were maintaining order. The equipment of the guard was in good condition.

One hundred thousand rounds of ammunition and 100,000 rounds of small arms ammunition were in the state. The federal troops were being withdrawn from the state.

He stated that the Colorado National Guard was being retrained by the federal troops. The retraining was being done in the southern part of the state.

He stated that the Colorado National Guard was being retrained by the federal troops. The retraining was being done in the southern part of the state.

MORE FRAUDS ARE DISCLOSED.

San Francisco Ward Healers Work for Progressives.

Forgeries are Discovered in One Precinct.

Books Contained Names of Many Floaters.

SAN FRANCISCO (Cal.) Oct. 26.—Following closely in the wake of the exposure of election frauds in Alameda county at the August primary election, came the disclosure of evidence tonight of similar tactics employed by the State machine in the election districts of Sacramento.

Comparison of signatures on the official registration affidavits and the roster on the August primary election by county clerk, H. H. Haskins, led to the belief that the same person had used the same signature in the precinct west of Fifth street and in the Sacramento River ward.

Forgeries in Precinct 72 have been discovered. The names voted in the precinct are those of men who are registered by George Radonich, a well-known San Francisco politician.

Radonich is registered Progressive and during the period of registration he had the tenderloin district in the city of San Francisco.

Frederick was fined \$100 and sentenced to ten days in jail. Frederick refused to discuss Judge Neff's decision as he was leaving the courtroom.

Neff's ruling was a victory for Cleveland grade teachers in their fight for the right to unionize. Frederick and the school board had been fighting the teachers' unionization movement since the summer.

KNOWLAND TOURS VENTURA COUNTY.

REPUBLICAN SENATORIAL CANDIDATE TELLS VOTERS ABOUT DEMOCRATIC TARIFF.

ST. VENTURA (Cal.) Oct. 26.—Joseph H. Knowland, Republican candidate for United States Senator, in company with Frank H. Short of Fresno, toured Ventura county today. He was greeted by good audiences in every town and increased in size later in the day.

The trip through the county closed with a night meeting in Fillmore, where a large audience greeted the Senatorial candidate.

In his speeches Knowland confined himself to national issues, talking chiefly on the tariff.

The chief issue in the Senatorial contest, said Mr. Knowland, is whether the people of the great commonwealth of California are more prosperous under the present tariff law than they were before; that is if they endorse the Underwood tariff law, which has struck a blow at the industries of the State.

He continued, showing how the tariff law is in opposition to a large part of the State's industries. He asserted that there would have been no need of a war tax in a time of peace if the Payne tariff law had been in effect rolling up a surplus in the treasury of the nation.

Mr. Short spoke on State issues and confined himself to an arraignment of the weaknesses of the Johnson administration.

In the tour of the county the speakers were accompanied by some fifty leading Republicans in automobiles.

OPERATING TABLE AS HYMEN'S ALTAR.

WOMAN GETS DIVORCE BECAUSE SHE DIDN'T KNOW WHAT SHE WAS DOING.

SAN FRANCISCO (Cal.) Oct. 26.—Married to a physician on the operating table of a hospital, while under the influence of opium, Mrs. Mabel S. Soper, who had been married three times before, while in full possession of her faculties, was granted a divorce today from Dr. Richard Watts Soper, now an oil salesman. The Superior Court held that Mrs. Soper did not know what she was doing at the time she gave her consent.

Soper had been a suitor for some time. When his intended was taken desperately ill, he pressed for an immediate marriage. Her relatives urged her to accede, on the ground that she might not recover and that Soper would provide for a child by an earlier marriage, she died.

Instead of dying, the woman got well and immediately began to look for a divorce.

ACQUITTED OF SISTER'S MURDER.

Illinois Boy, Is Held for the Alleged Slaying of Father and Mother to Secure Money.

QUINCY (Ill.) Oct. 26.—Ray F. Plasmid, aged 23, was found not guilty of the murder of his sister, Blanche Plasmid, at his second trial at Macon, Ill., today. The first trial resulted in a verdict of guilty, from which appeal was taken on error. The young man still is held on the charge of having murdered his father and mother and a school teacher, who he might inherit his father's wealth and marry Miss Esther Reeder.

DOUGLAS (Ariz.) Oct. 26.—Consolidation of Mexican border news was established here today by Gen. Benjamin Hill, commanding the Carranza garrison at Naco, Sonora. American news will be given out through the Consolidation authorities here.

Sixteen tons of empty cartridges, gathered by men and boys outside the Carranza garrison at Naco, have been bought by Junk men.

The armistice declared Friday between the Carranza and Huerta forces, is still observed. There is still fear among the Carranza forces that the Huerta Indians will make an unexpected attack.

Col. Ignacio Figueroa, of Huerta's command, who was accidentally injured by a bullet from his own revolver in a fall from his horse a month ago, is recovering.

The United States government has notified C. G. Roriano, secretary of the Sonoran Republic, that it will co-operate with the Constitutionalists in an effort to drive out all Huerta forces from the state.

A thousand 30-06 rifles were received here today from the garrison at Naco, which has received a supply of new Mausers.

RETURN RAILWAY TO ITS OWNERS.

NATIONAL LINES OF MEXICO TO BE SURRENDERED BY GEN. CARRANZA'S ORDERS.

BY GEORGE ADDISON HUGHES. (ST. MEXICO CITY, Oct. 26.)—Luis Carranza, Carranza's adviser, and formerly Constitutional representative at Washington, informed me tonight that the National lines of Mexico, recently known as the Constitutional Railway, would within a week or ten days be returned by the government to the owners and officials.

No more significant statement in connection with economic matters has been made since the lines were confiscated. Carranza was recently elected president of the lines under Constitutional control. He did not go into details, but his statement was sweeping, and probably means the retirement of the newly-elected Constitutional executive officers.

Carranza's statement in regard to the National lines was made during an interview in which he gave the line to stories to the effect the Constitutional government intended to confiscate all British-owned railways here as the Mexican Railway, Mexico City electric street-car lines and Tampico oil fields.

Carranza also forecast momentous developments within ten days in the situation that has arisen between the first chief and the peace convention.

Only One "Bromo Quinine." For the cure of malaria, fever, and other ailments, only one "Bromo Quinine" is needed. It is the only one that is guaranteed to cure.

Holy War Predicted.

(Continued from First Page.)

the town of Union de Tula, Jalisco State, when the Constitutionalists from the roof of the cathedral waved at the populace, his wife and afterward confiscated the church property. This act so enraged the people that, led by a priest and the town Mayor, they engaged the soldiers in a running fight. Soon the trouble spread to towns adjoining Oudalajara, second largest city in Mexico, and industrial center of the West Coast country.

AMMUNITION CONFISCATED. A carload of ammunition was confiscated today by American troops at Mimbres, west of Columbus, N. M., on the ground that it was not passed through regular port of entry. These munitions, it was learned, were being sent to arm an expedition in Northwestern Mexico, and were which was to have been independent of either the Villa or Carranza factions.

PARRAL RECAPTURED. A local Spanish paper publishes today an unconfirmed report that Parral had been recaptured by Gen. Maclovio Herrera, a Carranza partisan, who last night routed the Villa troops. It was also reported without confirmation that several Americans were killed in the fighting.

BELIEVE CARRANZA WILL SOON RESIGN.

WASHINGTON, Oct. 26.—Indications that Gen. Carranza had agreed to retire in deference to the wishes of the Mexican nation, and that Aguascalientes were contained in official dispatches to the State Department tonight.

Gen. Obregon and the committee which went to Mexico City to interview the first chief returned to the convention "highly optimistic," according to official reports. It is generally understood that Carranza informed the committee that he would not submit his resignation as second-in-command, leaving it to the convention to reconsider if it chose the action taken today formally to consider the question of a successor to Carranza.

Much optimism prevails in official circles, and a spirit of harmony is distinctly noticeable. No report had been received late today of the result of today's deliberations, when the important question of the provisional Presidency was to be discussed.

Officials of the Carranza government had no doubt that the two conditions which Carranza was reported to have stipulated as necessary before he would retire, namely, that the tenure of the provisional government be brief and that he be permitted to be a candidate for the Presidency, had been accepted by the convention.

The Mexican "red papers" are the latest to the publication of diplomacy. While not bearing the official stamp of any of the Mexican factions, the little volume was made its appearance today purports to contain official correspondence between Carranza, Villa, Zapata, Villalaz and others, being an exposure of the great conspiracy to eliminate Don Venustiano Carranza.

BAR SCRIBES FROM SONORA STATE.

DOUGLAS (Ariz.) Oct. 26.—Consolidation of Mexican border news was established here today by Gen. Benjamin Hill, commanding the Carranza garrison at Naco, Sonora. American news will be given out through the Consolidation authorities here.

Sixteen tons of empty cartridges, gathered by men and boys outside the Carranza garrison at Naco, have been bought by Junk men.

The armistice declared Friday between the Carranza and Huerta forces, is still observed. There is still fear among the Carranza forces that the Huerta Indians will make an unexpected attack.

The United States government has notified C. G. Roriano, secretary of the Sonoran Republic, that it will co-operate with the Constitutionalists in an effort to drive out all Huerta forces from the state.

A thousand 30-06 rifles were received here today from the garrison at Naco, which has received a supply of new Mausers.

REPORT SEA BATTLE OFF VIRGINIA CAPES.

NEW YORK BUREAU OF THE TIMES, Oct. 26.—A sharp naval engagement is reported to have taken place tonight off the Virginia coast, 40 miles south of Spanish Point, possibly the long-lost battle between the German cruiser Goeben and the British warship, which have been patrolling the Atlantic coast.

At 8 o'clock, as the steamship Barossa of the Ward line, which was coming up from Havana, off the Virginia coast, reported by wireless that she had heard for about an hour the guns of heavy caliber and the roar of the battle.

The firing continued for about an hour and then, as the Barossa drew away to the north, it became less rapid. Before the Barossa had gone far enough on her course to be beyond the sound of shots the firing had ceased and it was presumed by the officers that the fight had reached a definite conclusion.

Narrow Escape. The ship was reported by wireless that she had heard for about an hour the guns of heavy caliber and the roar of the battle.

MEXICAN CAPTAIN KILLS TWO.

Slayer Rushes Across American Line, but will be Returned to Naco for Trial.

NACO (Ariz.) Oct. 26.—Capt. Jelas of the Naco (Sonora) Carranza garrison, shot and killed a brother officer, Capt. Vasquez, and a Mexican private, tonight, on International street, just across the border. Jelas was under guard in the border patrol camp.

The shooting occurred after a day of celebration, incident to the relief from the month long siege of Gen. Hill's garrison at Naco by Gov. Maytorrena's forces. The Mexican soldiers fired in the brawl were the first heard since the declaration of the present armistice last Friday.

Officials of the Carranza government had no doubt that the two conditions which Carranza was reported to have stipulated as necessary before he would retire, namely, that the tenure of the provisional government be brief and that he be permitted to be a candidate for the Presidency, had been accepted by the convention.

The Mexican "red papers" are the latest to the publication of diplomacy. While not bearing the official stamp of any of the Mexican factions, the little volume was made its appearance today purports to contain official correspondence between Carranza, Villa, Zapata, Villalaz and others, being an exposure of the great conspiracy to eliminate Don Venustiano Carranza.

BAR SCRIBES FROM SONORA STATE.

DOUGLAS (Ariz.) Oct. 26.—Consolidation of Mexican border news was established here today by Gen. Benjamin Hill, commanding the Carranza garrison at Naco, Sonora. American news will be given out through the Consolidation authorities here.

Sixteen tons of empty cartridges, gathered by men and boys outside the Carranza garrison at Naco, have been bought by Junk men.

The armistice declared Friday between the Carranza and Huerta forces, is still observed. There is still fear among the Carranza forces that the Huerta Indians will make an unexpected attack.

Col. Ignacio Figueroa, of Huerta's command, who was accidentally injured by a bullet from his own revolver in a fall from his horse a month ago, is recovering.

The United States government has notified C. G. Roriano, secretary of the Sonoran Republic, that it will co-operate with the Constitutionalists in an effort to drive out all Huerta forces from the state.

A thousand 30-06 rifles were received here today from the garrison at Naco, which has received a supply of new Mausers.

REPORT SEA BATTLE OFF VIRGINIA CAPES.

NEW YORK BUREAU OF THE TIMES, Oct. 26.—A sharp naval engagement is reported to have taken place tonight off the Virginia coast, 40 miles south of Spanish Point, possibly the long-lost battle between the German cruiser Goeben and the British warship, which have been patrolling the Atlantic coast.

At 8 o'clock, as the steamship Barossa of the Ward line, which was coming up from Havana, off the Virginia coast, reported by wireless that she had heard for about an hour the guns of heavy caliber and the roar of the battle.

The firing continued for about an hour and then, as the Barossa drew away to the north, it became less rapid. Before the Barossa had gone far enough on her course to be beyond the sound of shots the firing had ceased and it was presumed by the officers that the fight had reached a definite conclusion.

Narrow Escape. The ship was reported by wireless that she had heard for about an hour the guns of heavy caliber and the roar of the battle.

The firing continued for about an hour and then, as the Barossa drew away to the north, it became less rapid. REFUSE TO AID IN RECEPTION TO HIRAM.

THE Venice Trustees last night officially and firmly turned down an invitation to act as a reception committee to Gov. Johnson when he visits Venice next Friday. The effort of the supporters of the Executive to give an air of endorsement to his meetings by local officials as is done in nearly every part of the State, met with a rebuff at the Trustees meeting last night.

Sixty Tons of Ballots.

(Continued from First Page.)

than makes up for the error of a clerk. The Board of Supervisors, who spoiled 300,000 sample ballots by leaving off the name of a candidate for police judge. This error cost about \$1700 for the reprinting of the sample ballots.

LEADS THE STATE.
Los Angeles county leads the State in population, both voting and otherwise. The registration in San Francisco (city and county) is 161,846. In Los Angeles (city) the registration is 139,445, or 57,393 more than San Francisco. The registration in Los Angeles county (outside the city) is 112,014, making a total city and county registration of 251,459, or one-fourth the registration of the entire State.

In the city 104,575 men and 84,855 women are registered, while in the county there are 67,999 men and 45,115 women. The registration at the primaries was 324,475, or 72,016 more than the registration of the entire State. The party gains in the new vote since the primaries are as follows: Republican, 11,811; "Progressive," 14,841; Democrats, 12,941; Socialists, 1874; Prohibitionists, 2379; not stated, 19,252.

Most of the new registration was drummed up by the "dry." The former claim that 80 per cent. of the 43,852 new registrations since the primaries are "wet" votes.

The printing of the sample ballots, sent out in the last few days, cost the county \$1254.10. The official ballot printing will cost about \$1000.

The large force of workers under the direction of Registrar McAleer dispatched the work in good order.

CERTAINLY!
KILFOIL FOR WOOLWINE.

Phil A. Kilfoil, now under sentence to San Quentin penitentiary for running a young girl in the case of the Lee Woolwine committee, and is making a house-to-house canvass for Woolwine for District Attorney. Of course, being a convicted felon, Kilfoil will not be permitted to vote.

Kilfoil's activity against W. J. Ford, Chief Deputy District Attorney, is due to Mr. Ford's activity against Kilfoil. In the line of his duty Mr. Ford searched out the sordid Kilfoil mystery, discovered that Kilfoil had misappropriated a 13-year-old girl, and promptly prosecuted him, the result being that a jury of twelve men and a judge of the Superior Court, not to mention the general public, agreed with Mr. Ford that Kilfoil was guilty. The present solicitor for votes, recently released from jail on bond, will shortly go to prison for twenty years.

It is rumored that he is inspired to activity for Woolwine because he believes the latter will recommend his early parole from prison. In the remote event that he becomes District Attorney, Kilfoil knows that no such recommendation will come from Mr. Ford, when he is elected.

Regularly enough, Kilfoil is not making a campaign among the women, for he has been instructed to solicit votes among the men alone. Once it becomes known generally among the women that Woolwine is the Kilfoil candidate for District Attorney, there naturally will be a rebellion against a convicted felon and his favorite candidate.

NOTHING TO SAY.
CHALLENGE IS UNACCEPTED.

The Los Republican Club of the University of Southern California, College of Law, is one of the liveliest political organizations in California. Of the 400 students enrolled nearly three-fourths are Republicans. Two days ago President T. L. Eversand of the club, issued a written challenge to Kemper B. Campbell, passionate "Progressive" and instructor at the college, to round up three "Progressive" students to debate with the Republican party versus the "Progressive" party. To date no reply has been received.

Ten members of the club have arranged to make nightly addresses for Capt. Fredericks, and the straight Republican ticket. The Republican County Central Committee has donated two automobiles to the club for campaign purposes.

Saturday the club dispatched a telegram to Capt. Fredericks wishing him success. The following reply was received by President Eversand yesterday: "Your telegram of good cheer received. Have no fear California will redeem herself this year. The party of Lincoln is strong in the hearts of our people. I see it a thousand ways. This end of the State is fine. My experience has been magnificent. The big heart of the North is a glow with Republicanism this year. The South must lead the fight for the honor and prosperity of California, and the restoration of the Republican party along the lines of true progress and prosperity."

A delegation from the club will meet Capt. Fredericks upon his arrival here Thursday morning. H. L. Hove is secretary of the club. Following is the Executive Committee: W. P. Hollywood, D. A. Hill, M. Goldring, M. Hove, F. A. Willis, Myron Silverstone, S. Silverstone, and Sam Miller.

FOR ANGELLOTTI.
BORDWELL SIGNERS JOIN.

Friends of Justice Angelotti, who seeks the office of Chief Justice of the Supreme Court, yesterday achieved one of the greatest victories in the Southern California campaign when more than one-third of the Bordwell petition signers were added to the list of Angelotti supporters. It is expected that by the middle of the week fully 90 per cent. of the Bordwell petition signers will have joined the Angelotti standard.

Among those who have gone into the Angelotti camp, are William Mulholland, C. Leonard, Mrs. R. L. Craig, Mrs. Frank A. Gibson, Mrs. Berthold Baruch, Birney Donnell, E. Winter, E. B. Robinson, Lee C. Gates, Dr. Mil-

bank Johnson, Dr. W. W. Hitchcock, Dr. R. R. Smith, W. H. Holabird, W. W. Mines, C. J. Kinch, Byron Erickson, Stephen C. Hubbell, J. E. Fishburn, Charles H. Toll, O. J. Wierdel, R. Case, John Willis East, Josefa H. Tolhurst, Mrs. William H. Hough, L. M. Valentine, Ward Chapman, Don C. Porter, Lucius K. Chase, Dr. Jarvis Barlow, Dr. S. S. Salter, Dr. Hill Hastings, Dr. Guy Cochran, O. P. Clark, Frank R. Strong, E. P. Clark, J. I. Koepf, J. M. Elliott, W. H. Booth, Marco H. Hellman, W. R. Hervey and others.

BY BOLO CLUB.
CANDIDATES INDORSED.

The Army and Navy Bolo Club of Los Angeles county, numbering about 5000 members, last night went on record as favoring the election of the following candidates:

Capt. John D. Fredericks for Governor.
W. J. Ford for District Attorney.
Capt. H. F. Osborne for Congress, Tenth District.
Capt. C. D. Manning for Supervisor, First District.
John W. Shenk for Superior Judge, William Fredericks for Police Judge.

W. D. McConnell for Police Judge.
Capt. Osborne and Capt. Manning are veterans of the Civil War, but the rest are veterans of the United Spanish War veterans.

Not only has the club endorsed these candidates, but its members last night started upon a campaign of advertising and publicity, and will have Spanish War veterans working in every precinct in the county on election day.

FORD MAKES HIT.
SPEAKS TO BIG CROWD.

Something unique in the way of political rallies was held last night at the twenty-fourth and Congress streets for W. J. Ford, Deputy District Attorney, who is a candidate for District Attorney. A political soiree on a ten-nis court at that corner brought out nearly 1000 voters, who were inspired by a life and drum corps, a pretty outdoor scene and a smashing talk by the fighting Deputy District Attorney.

The meeting was held under the auspices of the Ford Club in Precinct 12.

Charles E. Scott, Republican Assembly nominee in the sixty-fourth District, plans a whirlwind conclusion of his campaign this week. Last night, he spoke at two gatherings of voters.

TO DANCE FOR SCOTT.
Charles E. Scott, Republican Assembly nominee in the sixty-fourth District, plans a whirlwind conclusion of his campaign this week. Last night, he spoke at two gatherings of voters.

FOR MRS. FREDERICKS.
Under the auspices of the Southern California Women's Republican Federation, a luncheon will be held by Republican women at the Hotel Clark on Thursday at 12 o'clock. Guests will assemble in the banquet-room on the second floor and the luncheon will be served in the ladies' parlor. Mrs. John D. Fredericks will be the guest of honor. Reservations may be made for the luncheon at the federal headquarters at 410-412 Wilcox building, Second and Spring streets. After the luncheon the women will go in a body to the reception at Hotel Alexandria, where Capt. Fredericks will address the assembled guests in the ballroom.

No. 162. Boys and girls of the district helped to stir enthusiasm and added life to a political cabaret on the tennis court.

Mr. Ford had a large audience. He discussed efficiency as the need of the hour in the District Attorney's office, and was given enthusiastic applause.

ROBERTS IN LA CANADA.
The Valley Club house at La Canada was crowded last night by people anxious to hear Frank C. Roberts, Republican nominee for Congress, in the Ninth District. Mr. Roberts' appearance was in response to an appeal from 200 residents of La Canada, and the surrounding district, who urged him to come to them and show the big vital issues involved in the present Congress campaign. This, Mr. Roberts did in the inclusive, quiet manner which is the notable characteristic of his campaigning. Other speakers were Dr. Glen McWilliams, and George P. Adams.

JUDGE JAMES LEAVES.
Judge W. P. James of the Appellate Court will leave tomorrow morning for a tour of Orange, San Bernardino and Riverside counties in the interest of his candidacy as Associate Justice of the Supreme Court. Judge James is very popular in the south, where he has served long on the bench. He has done very little active campaigning, although his friends in all parts of California are making an interesting fight to bring him back to the state.

HE'S FOR KNOWLEDGE.
Earl Rogers, the attorney, has issued the following statement: "I have been a Democrat all my life. I never have known of a Republican for a high office good enough to induce me to jump the fence until now. I intend to vote for Joseph R. Knowland for United States Senator."

"California could not send, of all its numerous men of ability, a man to the Senate who can do so much for California as can Knowland. His twelve years of experience in the House, his wide acquaintance and intimate knowledge, make him absolutely the ideal Senator for California in the present somewhat trying juncture. Scores, even hundreds of people have asked me how I intend to vote on this office, and I take this method of indicating to those who have a curiosity on the subject, that I believe Knowland is not only the best man running, but, probably, the best man who could run at this time."

Established 1889.

Assets Over \$3,700,000.

Are You Extravagant? 6%

Extravagance is the chief fault of the American people.

And this great fault includes an unreasoning desire for extravagant returns from reckless investments.

The annual cost to the American people through careless investments based on nothing more than extravagant promises could be figured in millions of dollars.

Be reasonable. Remember that extravagance of any kind is not consistent with safety in an investment.

If you have money to invest consider our \$100 Certificates with their liberal and safe rate of 6 per cent. interest. These Certificates have been tested and pronounced "SAFE" by the highest authority, "Father Time."

For over 25 years we have never failed to pay every demand promptly when due.

You will be richer in the long run with

SIX PER CENT. AND SAFETY.

State Mutual Building & Loan Association

from five precincts, and will do so the same tonight. Thursday night, at the Loveland apartments, No. 1991 Orange street, there will be a political novelty in the shape of a dance in honor of Scott's candidacy. The nominees will be present and address the guests, who will be voters from Precincts Seventy-one, Seventy-two, Eighty-three, Eighty-four, Eighty-five and Eighty-six.

ON AMENDMENTS.
The Amendment Educational Committee, composed of well-known attorneys of the city, has arranged a schedule of meetings in schoolhouses to enlighten the people on the different amendments to be voted on at the November election. The committee is headed by Albert A. Kiddle and has for members H. H. Harris of the City Club, Walter A. Ham, Andrew Murphy, H. E. Imah, I. B. Benjamin and others. Following is the schedule: Tuesday—Sixty-first-street school and Fifty-second-street school. Wednesday—Thirtieth-street school

and Normandie-avenue school. Thursday—Santa Barbara-avenue school, Arlington-avenue school and Vernon-avenue school. Friday—Lorent-street school and Euclid-avenue school.

Big Meeting for Lane.
Franklin K. Lane, Secretary of the Interior, and California's spokesman for the Wilson administration, speaks Wednesday night at 8 o'clock in Trinity Auditorium. Mr. Lane, comes directly from Washington as the special emissary of the administration to personally present the administration's interest in the election of James D. Phelan, Democratic candidate for United States Senator, and Nathan Newby, candidate for Congressman in the Tenth District. The Democratic County Central Committee has sent out 1000 invitations to members of all parties. Three hundred vice-pres-

Direct from the councils of the Wilson Cabinet
Delegated to speak for the Wilson administration

Franklin K. Lane

(Secretary of the Interior)

Will deliver an administration address at Trinity Auditorium

Grand Avenue and Ninth Street

Oct. 28—Wed. 8 o'clock—Oct. 28

When to this shall be added a completion of the Cape to Cairo road in Africa, there would seem to be no further use for the Atlantic and Pacific Oceans except as bathing resorts.

In Idaho, where there is local option, five of the largest counties, after being "dry" for two years, returned to the "wet" column.

[Boston Globe:] Scoffer: Where will you find the Upright Citizen in New York? New Yorker: Begging for the price of a night's lodging.

[Boston Transcript:] Saphael: Clever? Oh, very! Why, she has brains enough for two. Miss Keen: Then she's just the girl you ought to marry.

[Judge:] Mrs. Baker: Is the table at your boarding-house of unvarying excellence? Mrs. Barker: No; there are days when we don't hear a word of gossip.

The battle is not yet over.
For sure as the morning follows
The darkest hour of night,
No question is ever settled
Until it is settled right.

Pen Points: By the Staff

Kiddies, ready for Halloween? How's the supply of pumpkins?

But the result of the election on amendment No. 3 is not likely to be "Hobbes's choice."

The Republican 48-centimeter howitzer is getting into position for action in California.

It is reported that business is proceeding usual in Berlin. Wonder if this includes a pretzel trade?

A man who has been and wears his hat is taking unnecessary chances with his personal comfort.

Europeans are still laughing and swearing at the war tax laid in this country when there is no war here.

Gen. Carranza declines to recognize the reality of the American occupation of Vera Cruz. Did anybody ask him to?

Many will be called but few chosen next Sunday. So it has been from the beginning; so it will be until the end of time.

October is preparing to take her leave, here under the shining sun she has been beneficent than in Southern California.

The Democratic party has at last resumed its campaign promise in regard to reduction of the high cost of living—plate is going down.

The Crown Princess Cecile has left her father and gallant British captain were united the privilege of escorting her down her anchorage at Boston.

This is the last week of the California campaign. The friends of Capt. Frothingham to make assurance doubly sure in the closing hours of the fight.

It must be very discouraging to Secretary Bryan to be expected to go round the country delivering speeches and the Congressional rate of fifty-fifty not in favor.

Secretary Lane has come to California to a bit of campaign work, but he is not the Elmer W. Johnson hand-organ. He refuses to join the Bull Moose chorus.

Automobiles have escaped the graft tax, but it is one necessity of life that has been added to get away without paying the tax of Democratic maladministration.

The Bull Moosers insist they are following Lincoln; but would the great assassin after his retirement from the Presidency assist Republicans to leave their party and assist in the election of a Democrat?

It is all very well to talk about the levy required to face a dumdum bullet; but making a ten-grain calamoni capsule also in its disadvantages, and that is done every day by folks whose liver is not in working order.

There is more whisky stored in Kentucky than there was in the entire country ten years ago. In view of the "dry" slogan it is possible the distillers are getting ready for a siege, or to take advantage of the increased tax under the new graft bill.

The aviator who dropped a bomb in Paris, killing a little girl, has himself been killed. Are not two sparrows sold for a farthing, and one of them shall not fall to the ground without your Father? Read your St. Matthew, 10:29. The mills of the gods do not always grind slow.

As we understand it, the policy of the administration is to place the question of the independence of the Philippines in the region of speculative proposition, and that is some time to wait. But what becomes of the plank of the Baltimore platform on that matter?

A movement is on foot to invite the Belgians to California. Where would the Belgians with the racial and individual qualities of the Belgians be deemed desirable or be sure of a welcome there in the State? The future of this brave people surely on the lap of the gods.

The Bull Moosers are homebound by a Republican party. The primaries in New York and Colorado and the election in New England tell the same story plotted in the same key. They speak of the coming disappearance of a third party that blocks the path leading to the end of Democratic rule in the nation.

When Napoleon invaded Russia his army was converted in three languages and three colors. The commanders of the allied forces must be polyglot if they come to conquer the Russian, Irish, French, Hindu, Arabians, Moors, Africans, Algonquians and a few other unidentified tongues.

The requirement of the English law that every stock who is now in this country must be dark in color, ought to have been farmers a bit of advance information that subject, and they would have been all dark in color. Dye-stuff is not apt to be out of the rain.

TRUTH'S MOTTO: Strength Shall Not Be Made by the Sword. I Samuel, 13:3.

However the battle is ended, the victor comes with banners and banners and banners. In letters of living light: a question is ever settled.

Until it is settled right.

Of those who have failed take care. Though the enemy seem to have won, though his ranks be strong, if he is wrong.

The battle is not yet done. He is sure as the morning follows the night. The darkest hour of night.

A question is ever settled. Until it is settled right.

—Edna Wheeler

Mother Comes to Aid.

(Continued from First Page.)

Home and Detective Felt were directed at breaking down this feature of the evidence. Twenty-sixth street car men confronted the prisoner in the City Jail. Many remembered having carried Tugwell as a passenger, but none of them could recall having seen him on any line which might have taken him to the scene of the murder on the night of August 31.

Tugwell yesterday lost his attempt to gain his liberty by habeas corpus proceedings. Judge Craig ruled that the warrant charging murder was sufficient to authorize the police to hold him without bail until a hearing is given in court.

Tugwell was arraigned before Justice Beave half an hour later on a charge of murder and his preliminary examination set for November 5. Chief Deputy District Attorney Ford represented the people.

Tugwell appeared ill at ease during the court proceedings. He has aged considerably since his arrest and repudiated confession of the murder of Mrs. Kennedy.

Knickerbocker suits with Norfolk style coats at \$4 and up. Many of these have extra trousers.

Balmacaan Overcoats
For Boys

Overcoats tailored exactly like the men's coats; sizes from 3 years up. Prices range from \$5 upward; young men's overcoats at \$7.50 and up.

Balmacaan Hats Here
Boys' Balmacaan hats to match their coats; new ones with turned-down brim, at \$1.50; others at \$1 and \$2.

"Rah Rah" hats in several materials, 50c and up.

Young Men's Suits
Our department for young men's suits has been moved; it is now located in the front of the second floor, with plenty of light, and exceptionally handsome fittings.

All the right styles; suits at \$10, \$12.50, \$15 and to \$30.

Boys' Blouses
The K. & S. Tapeless Blouse, 50c, 75c, \$1; also other blouse styles, and Boys' Shirts.

Boys' Pajamas—in outing flannel, \$1 and \$1.40 a suit.

Musling Underwear—We are agents for Musling underwear for boys; sizes from 2 to 14 years; cotton garments 50c and up; wool garments \$1 and up.

Boys' Shoes—Adams' and Tilt's makes, \$2.50 to \$4.00.

Harris & Frank
437-441 South Spring St.

Unusual Facilities
For the Repair of Complicated Clocks

Feagans & Co. offer you a thoroughly expert service in repairing all intricate clock mechanisms. Particularly the Elliott Tubular Chimes—Waltham Chimes—German "Elite"—olden time hall clocks, complicated repeating clocks and fine automobile timepieces.

This service is in charge of factory specialists and compares in conscientiousness and skill with our watch repair service.

Prices are as low as they can possibly be made, consistent with perfect work.

Have you a clock or a watch, in the repair of which you have been unable to get complete satisfaction? It will pay you to consult Feagans & Co. Estimates without obligation.

Watches regulated free. Exact time daily by special wire from Naval Observatory, Mare Island.

DRY COUNTIES OF OHIO
DECREASE IN POPULATION

The United States census abstract for 1910 and the Anti-Saloon League year book for 1914, publish maps of Ohio which bear a rather striking resemblance. The map in the census report shows in white the counties which decreased in population between 1900 and 1910. The Anti-Saloon League's map shows in white the dry counties of the State. If you will place these maps side by side, you will be impressed by their similarity.

The State of Ohio increased in population 609,576 in that ten-year period. The increase in forty-nine counties amounted to 477,170, but there were thirty-nine counties in the State which had a total decrease of 67,594 in population, showing the net increase as above stated, 609,576.

There were eighty-two cities in the State with a total of 2,467,654 or 51.8 per cent of the total population of the State. There were fifteen cities of more than 25,000 population each, and these fifteen cities gained 477,948 in population, leaving 131,431 as the gain for the remainder of the State.

Of the thirty-nine counties which lost 67,594 in population, twenty-nine of them are dry and ten are wet. These dry counties that lost in population were Adams, Brown, Carroll, Champaign, Clermont, Clinton, Gallia, Geauga, Greene, Hancock, Hardin, Harrison, Highland, Holmes, Jackson, Logan, Madison, Meigs, Monroe, Morgan, Morrow, Noble, Paulding, Pike, Union, Van Wert, Fenton, Warren and Wood.

There were ten wet counties which lost population. They were Deane, Henry, Hocking, Lawrence, Mercer, Muskingum, Pickaway, Ross, Washington, Wyandott. Several of these counties were dry before 1910.

The census figures show that 56 per cent of the population of Ohio is urban, and that 44 per cent is rural. The increase of the State in population, industry and wealth has been in the cities. The rural population decreased in thirty-nine counties, and that 44 per cent of the population that lost in population, what effect prohibition will have on the cities that have kept the States in its rank of fourth among the States of the Union.

New Fall Suits

For Boys of All Ages

THE illustration shows one of the "Oliver Twist" suits, in novelty wool material; we have them at \$5 to \$12.50, and in wash goods at \$1.50 to \$5.

Suits in Tartan plaids, shepherd plaids and plain blue, with white "vestee" and Eton collar are also here; a clever style for boys from 3 to 6 years.

Knickerbocker suits with Norfolk style coats at \$4 and up. Many of these have extra trousers.

DRY COUNTIES OF OHIO
DECREASE IN POPULATION

The United States census abstract for 1910 and the Anti-Saloon League year book for 1914, publish maps of Ohio which bear a rather striking resemblance. The map in the census report shows in white the counties which decreased in population between 1900 and 1910. The Anti-Saloon League's map shows in white the dry counties of the State. If you will place these maps side by side, you will be impressed by their similarity.

The State of Ohio increased in population 609,576 in that ten-year period. The increase in forty-nine counties amounted to 477,170, but there were thirty-nine counties in the State which had a total decrease of 67,594 in population, showing the net increase as above stated, 609,576.

There were eighty-two cities in the State with a total of 2,467,654 or 51.8 per cent of the total population of the State. There were fifteen cities of more than 25,000 population each, and these fifteen cities gained 477,948 in population, leaving 131,431 as the gain for the remainder of the State.

Of the thirty-nine counties which lost 67,594 in population, twenty-nine of them are dry and ten are wet. These dry counties that lost in population were Adams, Brown, Carroll, Champaign, Clermont, Clinton, Gallia, Geauga, Greene, Hancock, Hardin, Harrison, Highland, Holmes, Jackson, Logan, Madison, Meigs, Monroe, Morgan, Morrow, Noble, Paulding, Pike, Union, Van Wert, Fenton, Warren and Wood.

There were ten wet counties which lost population. They were Deane, Henry, Hocking, Lawrence, Mercer, Muskingum, Pickaway, Ross, Washington, Wyandott. Several of these counties were dry before 1910.

The census figures show that 56 per cent of the population of Ohio is urban, and that 44 per cent is rural. The increase of the State in population, industry and wealth has been in the cities. The rural population decreased in thirty-nine counties, and that 44 per cent of the population that lost in population, what effect prohibition will have on the cities that have kept the States in its rank of fourth among the States of the Union.

ORIGINAL GENUINE Horlick's
Malted Milk

Guaranteed
Staub's
The Popular Price Shoe Store.

736 SO. BROADWAY

"Others are Imitations"
The Food-Drink for all Ages

Rich milk, malted grain, in powder form. For infants, invalids and growing children. Pure nutrition, upbuilding the whole body. Invigorates nursing mothers and the aged. More healthful than tea or coffee.

Take no substitute. Ask for HORLICK'S

TALE DENTISTS, 444 South Broadway, Third Floor, Parmelee-Dohmann Building

WE ARE MAKING
a special offer on a \$4.00 set of teeth that we know could be equal elsewhere only \$12.00. We know it so well that we are willing to make you this proposition—bring in a sample of ANY dentist's \$12.00 set of teeth and we will duplicate it for \$4.00 or make you a \$12.00 set free.

The Mechanics and Cliffdwellers Should Make Trouble.

OLD RIVALS TO BATTLE AGAIN.

Cliffdwellers and Poly to Play Friday.

Featherstone Shifts Backs Once More.

Halett has His Men Write Some Essays.

Los Angeles High and Poly meet again Friday in a Rugby tussle at Washington Park, but lately the scene of baseball warfare—mimo and otherwise. This game will take its rank alongside of the Manual-L. A. game of last Friday. A tremendous crowd should fill the grand stand and bleachers.

TO FIGHT.
The fact that the Cliffdwellers fell before Manual and Poly walked away from Hollywood, has nothing to do with the importance of the game. The Cliffdwellers and Mechanics are to battle. That is enough to take every prep in both schools out to the game and to bring the old grade, whose number is legion, out in full force. Back of these two schools is a long list of great victories and bitter defeats. There was a time when they settled every southern championship between them. Young Manual Arts has intruded upon their sacred rights. But there is old rivalry, old patriotism, everything that makes prep and college sport a thing it is back of this coming engagement.

NO DIFFERENCE.
It makes no difference to Yale and Harvard whether Princeton defeated one or the other of these when it comes to the big football battle of America. That game would stand out above all others if Princeton had whaled the living tar out of Yale and Harvard had whaled Princeton. And there is always enough in that great struggle to make it glow. Harvard and Yale play as they never played before.

So with Poly and L. A. They will play like demons Friday. Poly has no club.

SHIFT.
Coach Featherstone is shifting his Cliffdwellers around. That is always what happens after a defeat. Coach Featherstone has been moved into first five, James put at second five and Nye Moss slipped out to center three. It is understood that Leake and Pendergast stand a great chance of reaching the sidelines and seeing smaller and faster men in their places. The High School coach does not think as much of beef as he did before Friday. He puts a much greater stress on speed and light.

RUN AHEAD.
But, at that, if the Cliffdwellers back learn to run forward instead of toward the sidelines on their passing rushes something terrible may happen to Poly.

Few shifts are to be expected in the Mechanics machine. It was working smooth, that and in a crushing manner Saturday against Hollywood. Little Hane and Capt. "Red" Wilson are two wonderful back field men. They make the Poly backfield a feared affair. It was probably to meet the attack of these two that Featherstone went into first five James to second five and Nye Moss slipped out to center three. These last two gentlemen are very strong on the defense.

ONE MORE.
Add "Ted" Wieman to these two and it is easy to see that Coach Featherstone has mustered a wonderful defensive trio against the sensational Mechanics duo.

Coach Halett sent all of his Mechanics out to the T.M.C.A. field with note books and pencils to take notes on the game. They turned in essays yesterday on the L. A. and Manual teams, telling exactly what they liked and did not like.

That's one of the many ways Coach Halett teaches Rugby.

HILLMEN TO START ALL OVER AGAIN.

COACH WEBSTER TALKS LIKE A DUTCH UNCLE TO MEN AND BOYS THEM UP.

Hollywood is trying hard to forget Saturday's defeat. Capt. Gooding said last night that they were going to try and forget the Poly game and start all over again with new "pop" and new fight.

Last night Coach Webster spent all his time talking to the Hillmen, going over their weaknesses and strengthening and mapping out a new campaign. It was the most serious talk he has given the troop and getting them in order for a hard battle against the victorious Tulliers at Manual on Saturday afternoon.

Capt. Gooding is under the weather. He is down with the grip and will be out of a couple of practices. Otherwise the Hillmen are ready to start again.

SEAY GIVES CROWN CITY MEN DAY OFF.

PASADENA TEAM TO TAKE IN OCCIDENTAL-U.S.C. GAME ON SATURDAY.

"Duffy" Seay gave his Pasadena football players a day off yesterday. This was his way of thanking them for their victory over Chaffey Union. But he is not very well pleased with the way the Crown City men played against Chaffey's men and will give them a piece of his mind this afternoon.

The Pasadena line did its play up to form, according to the coach. Even Capt. McAlpine did not have his usual fight.

The backs alone saved the day. It was Seay has to say of the game. Pasadena does not play anybody Saturday, so "Duffy" will take the whole bunch over to Harvard Field for the Occidental-U.S.C. game. Seay, of course, will be pulling for the Tigers and his team will probably get behind him.

HOW IT LOOKS TO ANGUS

WALTER JOHNSON WANTS TO JUMP.

Star Flinger Asks Fielder Jones for Job.

Is Dissatisfied with His Pay as a Senator.

Not Known Yet Whether He Will Sign.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

ST. LOUIS, Oct. 26.—Walter Johnson, the "Fireball King," flamed for his ability as a winning pitcher, not to mention his ability as a drawing card, will be a member of the St. Louis Cardinals during the season of 1915, if Walter Johnson has his way about it.

Johnson has sent no fewer than three letters and telegrams to Fielder Jones, manager of the Cardinals, in the last few days, declaring his willingness to become a member of the out-law club.

Johnson spent several days in St. Louis last week, while he was away from Washington to his home in Coffeyville, Kan. He held conferences at that time with Jones.

Previous discussions of terms had been held in the latter part of the season and just at the season's close, when Jones was in New York on a gum-shoe hunt for members of McGraw's Giants.

Johnson is heart whole and fancy free in the matter of contracts. He is a term of service with the Washington Senators expired this fall and Walter is free to sell his services to the highest bidder.

Whether Johnson will wear a Federal uniform next year rests with the directors of the St. Louis club. A meeting was held yesterday morning, but nothing was given out about the signing of Johnson.

It is understood that if the St. Louis managers are forced to pay a high salary for the Coffeyville flinger that half of the expense will be met by the rest of the Federal owners.

Whether Johnson will wear a Federal uniform next year rests with the directors of the St. Louis club. A meeting was held yesterday morning, but nothing was given out about the signing of Johnson.

It is understood that if the St. Louis managers are forced to pay a high salary for the Coffeyville flinger that half of the expense will be met by the rest of the Federal owners.

Whether Johnson will wear a Federal uniform next year rests with the directors of the St. Louis club. A meeting was held yesterday morning, but nothing was given out about the signing of Johnson.

It is understood that if the St. Louis managers are forced to pay a high salary for the Coffeyville flinger that half of the expense will be met by the rest of the Federal owners.

HOW IT LOOKS TO ANGUS

WALTER JOHNSON WANTS TO JUMP.

Star Flinger Asks Fielder Jones for Job.

Is Dissatisfied with His Pay as a Senator.

Not Known Yet Whether He Will Sign.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

ST. LOUIS, Oct. 26.—Walter Johnson, the "Fireball King," flamed for his ability as a winning pitcher, not to mention his ability as a drawing card, will be a member of the St. Louis Cardinals during the season of 1915, if Walter Johnson has his way about it.

Johnson has sent no fewer than three letters and telegrams to Fielder Jones, manager of the Cardinals, in the last few days, declaring his willingness to become a member of the out-law club.

a small car for winter by KesselKar.

CONNIE MACK TO HAND JOB OF MANAGING TO HAL DAVIS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK, Oct. 26.—When the Athletics take the field next year Connie Mack will not be on the bench directing the attack of the former world's champions. The veteran has obtained control of the Athletics club's stock, and will soon be elected president instead of Benjamin F. Shibe. Mack is said to own 51 per cent. of the stock, having recently secured 1 per cent. from A. J. Resch, so the story goes.

The tall manager is 54 years old and is beginning to show the wear and tear of his long career as a team leader. He has made a fortune out of the national game, and can well afford to take a rest.

As president of the Athletics, Mack will still have a grip on the helm, but Harry Davis, it is reported, will be the actual manager on the bench, with Ira Thomas as his right-hand adviser.

Davis was a failure as manager of the Cleveland Naps, several years ago, but it is true that his heart wasn't in his work. He wanted to go back to his mentor and friend, Mack, who promptly re-engaged him when the Naps let him out in midseason.

we have the word of the German Emperor for it that no one can be victorious in the trenches. A winner has to pursue the enemy and destroy him.

If he made anything like weight for Johnny Dundee, the lightweight champion wouldn't have much chance of retaining his title. In my opinion, Dundee has the most endurance of any lightweight who ever fought in a ring. This goes for Ad Wolgast and all the rest of them. But Nelson and Wolgast fought on after they were tired because they were both built out of here stuff. But Dundee does not seem to get tired.

He bounces around like a jumping jack through twenty rounds. At the end of the twentieth he is going stronger than in the first round. A boy like that would have Freddie Welsh stretched out on the mat through sheer fatigue before the twentieth round came by.

WHY RIVERS FAILED.
Welsh is getting to be an old man as fighters reckon age. Also he hasn't taken the care of himself that he tries to make the public believe. Only a few of us who were in the inside know what a fierce struggle he had to make 134 pounds for Joe Rivers. The morning of the fight he had to go to a Turkish bath and have the last few pounds fairly squeezed out of him.

If Joe had been cleverly handled, he could have beaten Welsh that day. The Mexicans beat him, Welsh didn't disturb him much. The sun got in Joe's eyes, and the crowd laughed because he couldn't make Welsh disappear and let him out of the sun. That laugh settled it. Joe knew he was being made a fool of and simply hung his head with shame and mortification, without making a real attempt to fight back against Welsh's fairy dabs.

LEACH CROSSED THROUGH.
Welsh's victory against Leach Cross was no evidence of real class. There isn't much to Leach except that famous stall when he pretends to be badly hurt; deludes his opponent into rushing in to finish; throws off his pretense and sells it. There are many who camp with wonder at that "stall," I never could see anything in it. On the contrary, it seems about the silliest thing I ever saw. It worked against Joe Rivers, who is slow in the head, and worked against Red Anderson, who is about the thickest individual I ever met in the boxing business; but Leach can never hope to work it on any boy of quick intelligence.

Leach's defeat at the hands of Gilbert Gallant spells his finish. Poor

Some Schmon.

to turn half of it over to Kauff, if he keeps his end of the bargain and joins the Giants.

Kauff's last engagement in organized baseball was with the Hartford club of the Eastern Association, which club sold him to Indianapolis. He jumped the Indianapolis Association club to go with the Federal League.

Leach, who has been worrying regarding Benny Kauff and next season, have been relieved by the information that Kauff is under a three-year contract to Indianapolis. Five clubs in organized baseball sought Kauff's services, and one club offered a three-year contract calling for \$10,000 a year.

According to another story related here, Kauff has been trying to sign three members of the Indianapolis Federal League champions, namely, McKinnis, Campbell and Rousch. Manager Phillips was "tipped off" to the negotiations by an old friend in organized baseball, and he hurried on the trail of Campbell and McKinnis.

He found the players in Pittsburgh and they admitted being approached for the Giants. Neither player is signed to a Hoosier contract for next season but both stated that they turned down the New York offer and wanted to remain with Indianapolis. Phillips has most of his stars signed for next season, and will give his at-

TRUCK SHOW INTERESTS BIG CROWD EVERY DAY.

[INSTRUCTIVE.]

INTEREST in the motor truck show has been exceptional during the first days of the exhibit. There were many people who have no use for a motor truck, and who probably will not have, at the show. The buyers, too, have taken great interest in the new models shown, and are eager

to take advantage of the opportunity for comparing the different models. The small motor delivery wagon, which has a large place in the show, has drawn a great deal of attention. The grocer, butcher, small coal merchant and many others who used a one-horse delivery wagon are beginning to see the advantages of the motor truck, and many are purchasing equipment this season. The day of the horse-drawn delivery wagon is about over. Trucks at a cost of less than a thousand dollars are plentiful, and they will do the work of four or five one-horse teams, making the initial cost not much greater than that of the horse-drawn equipment, while the expense of upkeep is only about half that of maintaining a horse-drawn delivery service. In the heavier work, too, the large truck has just about replaced the two, four, six and eight-horse teams. In every line of business from transfer to mining the three and five-ton truck has come to stay. In Death Valley and the Nevada mining country, trucks are replacing the old twenty and thirty-mule teams, and they find the trucking desert easy. A five-ton truck will do more work in a day than twenty horses, and the expense of upkeep is not nearly so great as that of the horses. Teachers, fruit growers and out-of-town business men will be especially welcomed at the show today, tomorrow and Thursday. Today will be San Gabriel Valley day. Tomorrow has been set aside for the desert states and towns, while Thursday will be San Diego day. Friday, the last of the show, will be Los Angeles day.

EUROPE AT WAR
By Judge Henry Neil
Get This Great Book of War and History
Just arrived—fresh from The Bible House press. Over 400 pages—size 6x9 inches; 125 large illustrations—16 colored maps and 37 chapters. Revised up to the last minute.
"Europe at War" is bound in rich red cloth, stamped in gold. The large, readable type and nearly all the pictures are full page size. Get your copy at once. You will never have another chance to get a magnificent \$2.50 book like this for only 98c and our coupon. Remember, this book can only be had from us.

A Real \$2.50 Book for 98 Cents

"Europe at War" ought to be in every household—it will be read by the growing boys and girls with as much intense interest as by the older folks. You will want to understand the final settlements of peace when it comes. This book reveals the "why" of this terrible war and the "wherefore" of the terms of peace which will make the old countries a new Europe.

Judge Henry Neil, the author of "Europe at War," has written many other important histories. He is a wonderful writer and, being a great student, is familiar with scores of thrilling personal anecdotes of the great generals and leaders of this and of former wars. He gives those startling and personal experiences in connection with the story of the nations, which he brings down to events happening as late as a few weeks ago. "Europe at War" is a whole library of European history boiled down to the most important decisions and most interesting anecdotes—the most thrilling events. There is no other book like it. It is just off the press and you will be astonished at its great value which we are able to offer you at a price scarcely representing the cost of production.

By special arrangement with the publishers, The Bible House, Chicago, we become exclusive distributors for "Europe at War" in this city. It will not be offered for sale anywhere else. It can only be obtained at the office of this newspaper and through our special offer of 98c and the coupon. "Europe at War" is an unheard of book bargain and it is only by printing and buying in large quantities that we are able to give it to you at the very low price of 98c. This is the best book on European History and War brought down to date, that has ever appeared. It is a whole library in itself.

M'GRAW TO RAID THE FEDERALS, AND OFFER \$25,000 FOR KAUFF.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

INDIANAPOLIS (Ind.) Oct. 26.—J. J. McGraw, manager of the New York Giants, and reputed leader of the G.R.H. attacks on the Federal League, has chosen the local third baseman as the object of his first move, according to a story that is circulating here.

He has offered \$25,000 for Benny Kauff, and he also has talked with Campbell, Bill McKinnis and Rousch.

During the world's series chatter in Boston, McGraw broke to the effect that the National Commission had agreed to give the Giants permission to sign Kauff, as well as the Indianapolis American Association club, the team from which Kauff leaped to the Federal League.

Like the others, must get his money before he can get into the fold of G.R.H.—but the move is very anxious to give McGraw a clean bill of health, while McGraw is still more anxious to have his own way with the Giants. He is willing to part with \$25,000 to get Kauff in the fold.

According to the story this amount was paid to the Indianapolis American Association club, which is

AT THE STAGE DOOR

A lot of the film favorites who are to take part in the Photoplay all-star madcap show at the Mason, next Friday and Saturday nights, are due for a spell of stage fright. For many of them have never had any audience save the director and camera-man. There'll be nobody to say: "Picture! Go!"

Actors trained in moving-picture work speak very low, too, and find difficulty in modulating their voices to the proper pitch.

However, everybody's rehearsing hard to make the entertainment a good one, and a brilliant success is promised.

Theodore Roberts heads the list with his famous vaudeville success, "The Sheriff of Shasta County," assisted by Florence Smythe, Hobart Bosworth and M. J. MacQuarrie. Ruth Roland, the queen of the Kalem Company, will sing as will Edna Malone of the Universal, while Charlie Chaplin, Charlie Murray and Roscoe Arbuckle of the Keystone will give a great farce act. Kathryn Williams, Charles Clary and Wheeler Oakman will play a sketch. Dustin Farnum is expected to arrive in time to take part.

Sophie Tucker and Joe Welch are among the latest recruits to the Loew circuit.

Henry Kolker will arrive on Tuesday morning to begin rehearsals on "The Witness Chair." After the production of this piece at the Burbank he will return at once to Chicago, and open in "His Son."

"The Advertising Man," is the title of a new piece which Mr. Morosco will produce in the near future.

William H. Crane is the latest recruit to pictures. Mr. Crane is to play "David Harum" for the Famous Players.

Max Figman is setting up a moving-picture company of his own.

And now it's Forbes-Robertson. One grows breathless trying to keep up with the film fans. Mr. Robertson, it is authoritatively stated, is to play a film version of "The Passing of the Third Floor Back."

From the sublime to the ridiculous, "Doc" Cook, who nearly discovered the North Pole, is to tell how he did it in six reels, for the Balboa Amusement Producing Company.

Adele Lane, of the Selig Company, whose hand was severely torn by a bear in making a picture recently, has recovered, but her nerves are so shaken that she says "never again" so far as animal pictures are concerned.

Moving pictures are a novel part of William A. Brady's New York production of "Life." The films fill in between acts, and tell the action, formerly left to the imagination, supposed to take place during the curtain interludes.

Orestes Lederer, a late acquisition of the Universal Company, played her first picture with J. Warren Kerrigan, in his "Terrance O'Rourke" series, yesterday.

Strange to say, the scene was staged at Luxembourg, where Miss Lederer was born.

Some convincing scenery, that for "The Last Egyptian," built and painted by Albert Couderc, scenic artist of the Os Company.

Mr. Frank Baum got the story from an Egyptian, who claimed that it was an ancient legend handed down for generations in his family. The scenes of the mummy caverns, the pyramid room, and the hieroglyphic-covered walls are all exact reproductions of Egyptian scenes, as shown in photographs taken by Mr. Baum while in Egypt.

The harem scene, in which Jane Urban, Violet MacLinn and J. Farrell MacDonald, as well as a half-dozen odd-looking apparitions, was taken yesterday. A great ballroom scene, featuring the last of the series, is to be staged Tuesday.

Mr. MacDonald is chief director as well as playing the masculine lead in the piece.

Jay Morley is the new leading

FRENCH WANT OLYMPIC GAMES HELD AT ANTWERP.

(BY A. P. DAY WIRE.)

NEW YORK, Oct. 26.—In the midst of the great European war the Olympic games have not been forgotten. One of the leading Paris newspapers recently printed the following editorial while the German army was threatening the gates of the city:

"It was announced two weeks ago that the International Olympic Committee had decided that the next Olympiad, due to take place in 1916 at Berlin, would be transferred to the United States. This information, we have been informed, is without foundation. The International Olympic Committee has not made this decision. The question will not even be considered.

"Whether a transfer is or is not made, the Olympic games will not be held in Berlin in 1916. And for this there are many irresistible reasons. Either Russia, France, Great Britain

Two Peaches in the Dramatic Fruit Basket.

Lenore Ulrich as Luana in the "Bird of Paradise." Above is Edith Lyle, coming to the Orpheum next week.

man of the Frontier Company, of Santa Paul. He was formerly with the Lubin Company.

Helen Leslie, new leading woman for the Universal, began three months ago as extra girl in pictures.

Vivian Marshall, the diving girl, has another name that she used in the Pantages advertisements. It is Mrs. Otto Freese. O. V. V. how dare you! That name will certainly wish cramps on you in the tank some day.

Guy Woodward is at Pantages once more. Last time around Guy was a policeman, this time he is a judge. If Guy gives himself a couple more promotions, he may reach the dizzy height of member of the National Board of Nonconformity.

W. M. Selig, of the Selig Polyscope Company, is in the city, having recently returned from abroad. He spent yesterday at the Wild Animal Park of the Selig Company, at Eastlake Park.

Lenore Ulrich, leading lady of the "Bird of Paradise," once aspired to a career in film drama, and made her debut with a moving-picture concern in Chicago, in a picture called "The Honor of a Farmer Girl."

In the first act she had to leap from a high cliff and be rescued by the noble farmer boy. The day came round for the staging of the photograph. The camera was pointed, the stage manager shouted, and the heroine leaped. She came on a little white cot with a doctor bending over her. The hero had overlooked his somewhat important cue. Still bent on achieving moving-picture fame, she returned for her second act, only to find that she was to be

Not at Berlin.

FRENCH WANT OLYMPIC GAMES HELD AT ANTWERP.

(BY A. P. DAY WIRE.)

NEW YORK, Oct. 26.—In the midst of the great European war the Olympic games have not been forgotten. One of the leading Paris newspapers recently printed the following editorial while the German army was threatening the gates of the city:

"It was announced two weeks ago that the International Olympic Committee had decided that the next Olympiad, due to take place in 1916 at Berlin, would be transferred to the United States. This information, we have been informed, is without foundation. The International Olympic Committee has not made this decision. The question will not even be considered.

"Whether a transfer is or is not made, the Olympic games will not be held in Berlin in 1916. And for this there are many irresistible reasons. Either Russia, France, Great Britain

again rescued by the same hero from a burning building. She asked what she was to do in the third reel, and discovered that she was to be tracked by fierce wolves, and to be again at the mercy of the leading man's memory.

"I resigned then and there in favor of the legitimate stage," said Morosco's leading lady, "and now I have to jump into a flaming volcano at every performance!"

Glenn Anders, the popular Los Angeles boy, who is playing in Hermine Shon's Quaker act at the Orpheum, has a three-year contract with Edgar Allen Wolf. Mr. Wolf is to write a play specially for him, built round Glenn as a college youth.

Glenn nearly had heart failure one day last week. An old-time sweet-heart told him she had written him a note of appreciation of his act, and he opened every letter with a heart-throb. It seems Glenn has admirers in every walk in life. Imagine his chagrin when he read this one:

"You think you're some actor, don't you? Well, why don't you pay your laundry bill? I guess I have to pay for the washboard a lot harder than you have to act!"

Bewildered, Glenn sent it back to the address it came from, stating that he wasn't in arrears for laundry or anything else he knew of.

And here came back the answer: "Beg your pardon. I sent you the wrong note. I wanted to tell you I like your act. And just for hurting my feelings that way, I'll wash you two shirts free!"

And now Glenn is looking suspiciously at every act on the bill, trying to judge who would be so mean as to stop payment on a poor trusting washerwoman.

While most of the vaudeville circuits are cutting salaries, Mr. Fred Follett, new manager of Loew's Empress, is authority for the statement, received from New York, that the Loew circuit will not cut down the pay of any of its acts.

Louise Gunning, who has a home in Sierra Madre, has been ill for some time, but is about again.

Carroll McCormack, daughter of Judge McCormack of this city, is to have one of the leading parts in the new dramatization of Owen John's fascinating novel, "The Salamander," rehearsals of which have already begun.

Alexander Pantages is still expanding. His New York office is to be rebuilt at a cost of \$50,000.

Quite Familiar.

GIANTS IN 1915 WON'T LOOK SO VERY STRANGE.

(SPECIAL CORRESPONDENCE.)

NEW YORK, Oct. 26.—Those who are looking for John McGraw to bust up the 1914 Giants machine and leave it into the scrap heap are due for a disappointment.

John may do a little tinkering here and there, but when the Giant machine of 1915 gets into motion there won't be many new cogs in its make-up.

There are two reasons why the Giants won't be reassembled entirely. One is that McGraw feels that his 1914 outfit is good enough to grab a pennant if a few weak cogs are removed and some new ones substituted. The other reason is that the most of the 1914 regulars are hooked up by iron-clad three-year contracts.

McGraw couldn't put his old stars on the market and get value received for them. He couldn't offer them for sale and find many ready buyers because those who are in the market for players don't want to pay a fancy price for the men and also pay fancy salaries to the players for the 1915 and 1916 seasons, as would be the case if they bought some of the Giants.

The Giants' pitching staff in 1915 won't look much different than it did in 1914. Mathewson, Tresselt, Marquard and Demaree are attached to the club by contracts that still have two years to run. McGraw wouldn't let Tresselt or Matty go, no matter what offer was made. He will keep Demaree because "Steamer Al" looks like a real pitcher and he will keep Marquard unless some other club makes him a most tempting offer for the eccentric left-hander.

Contrary to the general belief, McGraw isn't anxious to let Marquard go. He figures that 1914 was Ruben's year. He really did not expect Ruben to be so good, but because the Giants lost was not through any real fault of Ruben's, but because the Giants were not as good as he was behind him. A half-dozen of Ruben's defeats were 1-to-0 or 2-to-1 affairs.

"When a pitcher loses games of that kind it doesn't reflect on his ability—it reflects on the lack of batting power behind him," declared McGraw. Ever since the middle of July the rank and file of fans have been "canning" Merkle, the Giants' first sacker. Firing Merkle seems to be one of the annual ways the fans have of McGraw finds some star of the first water among his first basing recruits next spring. Merkle will be back at his old station. McGraw thinks a lot of Merkle's ability.

Doyle will be back at second. He slumped badly this year, both in fielding and hitting, but Doyle normally is a steady fielder and a slugger. Probably he will do a come-back in 1915.

Fletcher will be at short again. Outside of Maranville of the Braves, there is no better fielding shortstop in the National League. Fletcher is a timely hitter and fast on the path. McGraw regards him as one of the most valuable players he ever had.

MACK'S MACHINE WAS OUT OF ORDER.

INFIELD ONLY MADE ONE SWIP DURING SERIES AND IT WAS PARDONABLE.

"Mack's machine did not crack; it was merely out of order," is the way Jimmy Dinninger of the Philadelphia North American begins his sad tale of how it happened.

Continuing, the humorist expert says: "It is significant that although the Braves polished off the Athletics in four straight games in the world's series, local fans are not imploring Connie Mack to clean house. Fans realize that none of the regulars who took part in the honor games can be improved on by rookies."

Where can better men be found than McInnis, Collins, Barry, Baker, Oldring, Strunk and Murphy, the regulars of the Mack team?

Moreover, every one of these players is in his prime and has years of usefulness before him. The oldest of the lot is Rube Oldring, and he is only 36. McInnis is 34; Collins, 28; Baker, 28; Barry, 27; Strunk, 25, and Murphy, 22.

The situation is not similar to 1910, when the Athletics beat the Cubs in the battle for the big title. Chicago fans demanded changes because many of the players were getting old and slowing up.

The Athletics, however, is still one of the youngest teams in baseball.

and fans know that the material is there to regain the honors they lost. For instance, the Braves' infield slightly outplayed the Mack infield in the four-game series, yet if Mack attempted to swap the Athletics' infield for Boston's four inner guards, the tall tutor would have to flee Philadelphia for his life.

Of course, slight changes are possible. Mack is too thorough a manager to pass opportunities to strengthen his team. The gaunt general will take his usual regiment of juveniles to Jacksonville next spring and retain those rookies who look good.

One fan suggested that "Mack would rid himself of Chief Bender because the latter was stormed off the hill by the Braves in the first game of the series. This fan forgets that Bender won fifteen games in a row for the American League record for the season—this year.

This is about the first time that Bender ever failed Mack in a critical situation, and the tactician isn't going to dismiss him for that. McGraw didn't ask waivers on Mathewson because he couldn't stop the Athletics in 1911 and 1912.

Bender was beaten by the Braves, but he is still a great pitcher, and Mack will retain him for next season. The same thing applies to Flank. The Gettysburg veteran was by no means disgraced in the game. James beat him, 1 to 0, but he had to pitch a record game for a world's series to do it.

Joseph Leslie Bush, the new benedict, came out of the series with a record unblemished. It took twelve innings before he hauled down his flag. Wyckoff and Penneck did some

excellent relief pitching, and they were hit hard only in one run in a seven-inning game. The Braves' pitchers received that best of the Braves' under fire. As a matter of fact, they fished better than they did for the big title. The infield looked better. Here is its record:

Mathewson, 10; Collins, 10; Barry, 10; Baker, 10; Oldring, 10; Strunk, 10; Murphy, 10.

This shows that the 1914 infield made the only best in the series, and the error of McGraw was pardonable. The only reason the Braves scored in a minor league because Umpire Byron, on the first called, the batsman out, the first called, the batsman out, the first called, the batsman out.

But if the Athletics' infield stanch, the Boston innards will be dashing. To tell the truth, the Braves outplayed Mack's pitchers, good as the latter was in the series.

Maranville's work at short was not even seen in a world's series game. The Braves' infield was not even seen in the Braves' infield, and McGraw's infield was not even seen in the Braves' infield.

Maranville's work at short was not even seen in a world's series game. The Braves' infield was not even seen in the Braves' infield, and McGraw's infield was not even seen in the Braves' infield.

Athletics Don't Need Any Help.

INFIELD ONLY MADE ONE SWIP DURING SERIES AND IT WAS PARDONABLE.

"Mack's machine did not crack; it was merely out of order," is the way Jimmy Dinninger of the Philadelphia North American begins his sad tale of how it happened.

Continuing, the humorist expert says: "It is significant that although the Braves polished off the Athletics in four straight games in the world's series, local fans are not imploring Connie Mack to clean house. Fans realize that none of the regulars who took part in the honor games can be improved on by rookies."

Where can better men be found than McInnis, Collins, Barry, Baker, Oldring, Strunk and Murphy, the regulars of the Mack team?

Moreover, every one of these players is in his prime and has years of usefulness before him. The oldest of the lot is Rube Oldring, and he is only 36. McInnis is 34; Collins, 28; Baker, 28; Barry, 27; Strunk, 25, and Murphy, 22.

The situation is not similar to 1910, when the Athletics beat the Cubs in the battle for the big title. Chicago fans demanded changes because many of the players were getting old and slowing up.

The Athletics, however, is still one of the youngest teams in baseball.

and fans know that the material is there to regain the honors they lost. For instance, the Braves' infield slightly outplayed the Mack infield in the four-game series, yet if Mack attempted to swap the Athletics' infield for Boston's four inner guards, the tall tutor would have to flee Philadelphia for his life.

Of course, slight changes are possible. Mack is too thorough a manager to pass opportunities to strengthen his team. The gaunt general will take his usual regiment of juveniles to Jacksonville next spring and retain those rookies who look good.

One fan suggested that "Mack would rid himself of Chief Bender because the latter was stormed off the hill by the Braves in the first game of the series. This fan forgets that Bender won fifteen games in a row for the American League record for the season—this year.

This is about the first time that Bender ever failed Mack in a critical situation, and the tactician isn't going to dismiss him for that. McGraw didn't ask waivers on Mathewson because he couldn't stop the Athletics in 1911 and 1912.

Bender was beaten by the Braves, but he is still a great pitcher, and Mack will retain him for next season. The same thing applies to Flank. The Gettysburg veteran was by no means disgraced in the game. James beat him, 1 to 0, but he had to pitch a record game for a world's series to do it.

Joseph Leslie Bush, the new benedict, came out of the series with a record unblemished. It took twelve innings before he hauled down his flag. Wyckoff and Penneck did some

excellent relief pitching, and they were hit hard only in one run in a seven-inning game. The Braves' pitchers received that best of the Braves' under fire. As a matter of fact, they fished better than they did for the big title. The infield looked better. Here is its record:

Mathewson, 10; Collins, 10; Barry, 10; Baker, 10; Oldring, 10; Strunk, 10; Murphy, 10.

This shows that the 1914 infield made the only best in the series, and the error of McGraw was pardonable. The only reason the Braves scored in a minor league because Umpire Byron, on the first called, the batsman out, the first called, the batsman out, the first called, the batsman out.

But if the Athletics' infield stanch, the Boston innards will be dashing. To tell the truth, the Braves outplayed Mack's pitchers, good as the latter was in the series.

PUSH CAMPAIGN FOR BUILDING.

RECEPTION AT ALEXANDRIA TODAY FOR STATE HOUSE.

Speakers Get Behind Move to Vote Bond Issues for Improvements. Mayor Rose Gives Several Reasons Why Support Should be Given by Los Angeles Voters.

At a meeting yesterday of the Executive Committee in charge of the Joint Civic Committee's campaign in support of the Amendments Nos. 35, 36 and 37, the following men agreed to serve on the Reception Committee this afternoon at 2:30 o'clock in the Alexandria ballroom at the general meeting of citizens interested in the proposed erection of a State building (branch capital) in Los Angeles: Guy M. Rush, Phillip D. Wilson, Harold Janney, Chamber of Commerce; Sidney L. Briggs, Realty Board; H. S. McCallum, Federated Improvement Association; J. C. Drake, Associated Banks; R. W. Pridham, Board of Supervisors; J. C. Conwell, City Council; J. M. Davies, North-East-West Commercial Association; Hugh W. Bryson, Merchants and Manufacturers' Association.

The speakers will be H. H. Rose, Mayor of Los Angeles; Senator Lee Gates, Mrs. Clara Shortridge Foltz, president Woman's Millon Club; John W. Mitchell, president Municipal Art Commission; Mrs. W. H. Housh, first vice-president Los Angeles Realty Board; H. S. McCallum, Federated Improvement Association; Phillip D. Wilson, secretary Los Angeles Realty Board; R. E. Geisler, president Merchants and Manufacturers' Association; Louis M. Cole, president Chamber of Commerce.

The gathering this afternoon promises to be one of the notable events in the civic history of Los Angeles. Women and men prominent in the affairs of the city and State will be there with their friends, prepared to give arguments in support of the project of erecting a beautiful State building in Los Angeles.

Mayor H. H. Rose has prepared a list of "reasons why Amendment No. 35 should be supported."

Because there are \$17,500,000 in bonds to be voted upon (San Francisco harbor bonds, \$10,000,000 included) and all except \$1,250,000 for Los Angeles State building, for improvements north of the Tehachepi; Because the Supreme Court chambers are in the Bullard Block, for which the State pays rent; Because the District Court of Appeals, second appellate division, sits in the International Bank building, for which the State pays rent; Because the Bureau of Labor Statistics is in the Higgins building, for which the State pays rent; Because the Fish and Game Commission occupies offices in the Consolidated Realty building, for which the State pays rent; Because the State banking department maintains offices in the Central building, for which the State pays rent; Because the State parole officer has an office in the Exchange building, for which the State pays rent; Because the State Highway Commission has offices in the Union Oil building, for which the State pays rent; Because the State Board of Architecture has an office in the American Bank building, for which the State pays rent; Because the State Board of Health has an office at No. 212 Spring street, for which the State pays rent; Because the Secretary of State has opened an auto registration bureau in Los Angeles, for which the State pays rent; Because the Industrial Accident Commission occupies offices in the Hollingsworth building, for which the State pays rent; Because the State Board of Dental Examiners occupies quarters in the Bradbury building, for which the State pays rent; Because the State Board of Medical Examiners maintain offices in the Coulter building, for which the State pays rent; Because the State Insurance Commission occupies offices in the Hollingsworth building, for which the State pays rent; Because it would be convenient for the Railroad Commission to have headquarters in this building; Because it would be convenient for the Board of Equalization and many other boards and commissions to have headquarters in Southern California; Because it would enable the Governor to maintain a branch executive chamber in the Southland; Because it would enable the following State officials and boards to maintain offices in Los Angeles, as well as in San Francisco, as at present: Attorney-General, the Commissioners of Building and Loan Association, the State Mineralogist, State Commission of Horticulture, State Dairy Bureau and State Board of Pharmacy.

QUARREL THEN POISON. Following a quarrel with her husband early last night, Mrs. J. Earl White, 31 years of age, of No. 1242 East Thirty-seventh street, attempted to end her life by swallowing seven or eight pills. At the Receiving Hospital she received treatment and late last night was declared out of danger.

TREAT QUICKLY ALL ABRASIONS WITH POSLAM

Do not neglect to treat promptly and with Poslam—any Rash, Cut, Abrasion, open sore, spot, Poison, anti-venetic, pruritic, purulent, heala. If your skin burns, itches and aggravates and is eruptions and unsightly in appearance, just use Poslam and note the difference after one or two applications. Your druggist sells Poslam. For free sample write to Emergency Laboratories, 32 West 25th Street, New York.

of Public Instruction Hyatt and Attorney J. W. Henderson. The Indian Board of Co-operation is headed by Chancellor Jordan of Stanford University, honorary president, and Rev. Carl M. Warner, pastor of the First Methodist Episcopal Church of Palo Alto, president. General Secretary H. J. McCoy of the San Francisco Y.M.C.A., Mrs. Dorcas J. Spencer, national superintendent of the Indian department of the W.C.T.U., and the Rev. Herbert A. Jump of the First Congregational Church of Redlands are vice-presidents. Los Angeles is represented by Mrs. Catherine Pierce Wheat, President Baer of Occidental, Dr. William Horace Day, Dr. J. Whitcomb Brougher and others.

GREAT PROBLEMS UP BEFORE SECRETARY LANE.

Problems of great importance to the Imperial Valley and, in fact, to the whole Southwest will be considered tomorrow by Secretary of the Interior Lane, who is to arrive here at 9:45 a.m. on the Oak, or possibly at 8:45 a.m. on the Lark, for a conference with the Arizona and California River Regulation Commission. Secretary Lane will also deliver a speech tomorrow evening at Trinity Auditorium in the interest of the candidacy of James D. Phelan for the United States Senate. This at least is the tentative program.

THRILLING STORIES OF WAR

The New Book, "Europe at War," A Magnificent Volume—Previous Wars Compared. "Europe at War" is a book of historical facts made intensely interesting by the present war. Judge Henry Neil has produced a noteworthy book. It is the kind of a book that, when picked up and read, is not laid down until finished. It holds your attention straight through. It is the only book published that gives all of the facts that have led up to this war from the earliest times. In this book the author gives a complete and comprehensive historical account of every great event that has had a bearing on the outbreak of the war. The book is beautifully printed and the illustrations are remarkable. The colored maps are accurate and there are sixteen of them. The present war is a result of past history. This book gives the relation of the past and present events in such a clear and thorough way that you get a better understanding of why the nations went to war, and three the final settlements of peace come you will be able to understand the terms infinitely better than those who have not read the book. "Europe at War" should be read by everybody. This paper has made arrangements to supply our readers with handsomely-bound copies of this book at less than half price. See announcement elsewhere in this paper.

This Is The Hose That Won't CRACK or LEAK

The next time you buy garden hose tell your dealer you want "Crackproof." It is the one hose that is guaranteed not to leak, crack or kink—the one hose that can always be depended upon. It can be twisted into any shape without shutting off the flow of water. Remember the name—

BOWERS CRACKPROOF HOSE

Always Tight From Bib To Nozzle

This wonderful hose will stand a test pressure of more than 500 pounds.

If your dealer cannot supply you, write or telephone our Los Angeles warehouse and we will give you the name of the nearest dealer who can.

SECOND OFFERS ARE MADE FOR ALAMEDA-STREET WORK.

Project for which Property Owners Have been Anxiously Laboring Many Years is Now Likely to Become Reality Within Few Months. Will Carry Floods to River Bed.

T. J. Shea is the lowest bidder for the improvement of Alameda street, from North Main to Sixth streets, which improvement is to include the paving and the long-desired storm-drain system. His offer is \$195,147.21. The next lowest bidder is James Kennedy, who proposes to do the work for \$197,145.50.

This is the second time that Mr. Shea is the lowest bidder on this extensive piece of public improvement. The work was advertised for bids some time ago, and after the bids were opened it was discovered that there had been a technical error in the posting of notices, so the various steps had to be retraced. The Board of Public Works opened the bids yesterday morning, and sent them to the City Engineer for computation and report. It is probable that the contract will be awarded during the present week.

There were five bidders. Besides the bids of Messrs. Shea and Kennedy there were offers submitted by Peter L. Perry, F. O. Engstrom Company and H. A. Taylor.

The Shea bid offers 19 1/2 cents per square foot for asphalt paving; 23 cents per square foot for vitrified brick paving; 40 cents per linear foot for cement curb; 11 cents per square foot for concrete sidewalks; 18 cents per square foot for concrete gutter; 40 cents per square foot for granite block gutter; \$120,000 for the storm drain and appurtenances complete; \$1800 for the survey and staking; appurtenances complete, and \$100 for the catch basin and connecting drains at the northeast corner of Alameda street and First street.

Alameda street has suffered more from the winter's rush of storm waters than probably any other street in the entire business district. The paving of every adjacent street has increased the rush of storm waters to this low level, even with an ordinary rain the highway becomes almost impassable, and traffic is blocked. The proposed storm drain will begin at North Broadway, above College street, and extend along Alameda street to Second, where connection will be made with a drain leading to the Los Angeles River bed. The drain will be three feet in diameter at its beginning, and will enlarge on its course southerly until it becomes six and one-half feet in diameter at its connection with the existing drain. Sanitary sewers are necessary in this important project, in connection with the paving of the street.

The paving is to extend from North Main street, between Broadway and Third streets, to the intersection of Alameda street and the Los Angeles River. The Southern Pacific Company, in connection with the contract for which bids have just been received, is to pave Alameda street from Fourth to Vincent, where the present trackage is to be removed to make way for the new track layout for the Arcade Depot.

TUNNEL REPAIRS.

MORE MONEY IS NEEDED.

A total additional appropriation of \$8800 is needed to complete the work in the Third-street tunnel. The conditions were found to be far more serious than supposed at the time the work of reconstruction was undertaken. It was impossible to make accurate estimates until the work was in progress, so that the actual conditions might be ascertained. The archway has had to be reinforced in various sections and the work that has been carried on doubtless has saved the tunnel from collapse.

The paving contract has amounted to \$11,360, while the budget allowance for this work was only \$10,000, thus requiring an additional appropriation of \$1360. The roof repairs to date have cost \$4000 and an additional \$4000 will be required to complete the work and to make good on the work of \$8000. There was transferred from the Alameda-street bridge fund the sum of \$1500, leaving \$8500 to be appropriated for this work.

The Board of Public Works received the report on these figures from the City Engineer yesterday and decided to ask the Council to make the necessary appropriation from the general fund.

REFUSES GOVERNMENT.

NO MONEY FOR PORT HIGHWAY.

Whether it is good policy for the city to refuse to improve a roadway for the use of the government in hauling materials to the proposed fortifications at Point Firmin is an open question—but the Finance Committee of the City Council yesterday decided that the city funds should not be used for such purpose.

That this will be an obstruction to the government in the handling of its work of placing the fortifications at the harbor is a certainty. Government officials some time ago asked that the improvement of the highway be made as soon as possible, as a large amount of heavy hauling is necessary and this is desired to be accomplished as speedily as possible. Maj. Raymond, in his communication to the City Council, stated that he hoped the city would see the necessity for co-operation and the importance of completing the work without delay.

A grand total of \$3,655,269 for the fortification of Point Firmin has been recommended by the general staff of the United States army, as shown in the reports published in the Army and Navy Register. About \$500,000 is available at this time for the beginning of the work.

The position of the Finance Committee is that the road should be improved by the adjoining property owners and not by the city from general funds. The property owners declare that they do not wish to go to this expense at this time because of the depressed financial conditions.

situation to the Council before action is taken on the committee's report.

CRUEL LIBRARY WAR.

IT IS ALL OVER—MAYBE.

The Andrew Carnegie branch city library at Boyle Heights will be located at the southeast corner of First and Chicago streets—the old cable powerhouse site. The City Council so decided yesterday, after the figures on frontage represented on the various petitions for and against the site were presented by the City Engineer's department. It was shown that the petition in favor of the site had more than 14,000 feet of frontage in excess of the petition opposed to the site. Both sides to the long, drawn-out controversy were present in full force.

The opposition declared that in view of recent developments wherein a fine free site had been offered for the library, the Council should delay action, so that this offer might be officially presented. The proponents of the site urged that the Council act at once and get the agony over.

The Council decided to act in accordance with its previous declaration that it would be guided by the result of the final figures after the petitions were canvassed. Councilman Bryant, who was not in favor of the site selected, declared he would vote for the site because of this tentative pledge to be guided by a majority petition. He stated that he had kept strictly neutral during the last campaign, and his brother Councilmen attested to this attitude.

By a unanimous vote the Council instructed Col. Schreiber of the assessment bureau to proceed with the spreading and collection of the assessments. The opposition intimated that the matter might be taken into the courts on the grounds of alleged irregularity of proceedings. It is proposed to expend about \$37,000 in the erection of the library building. The award of the contract for the land commenced was \$15,000. The Huntington Land Company reduced the price by \$2500, thus practically giving free of cost the small triangle in front of the largest one, and friends of the site agreed to raise a fund of \$2500 to be applied to the purchase price, so that the \$10,000 is to be raised by the assessment district.

Useful, but Irregular.

H. J. McIntyre has asked permission of the Board of Public Works to fill Acacia street, between Bonnie Brae and Huntington avenues. From time to time the board has granted similar permits for the placing of earth in this depression. It is now discovered that the present fill has been carried to a point some eighteen feet above what had been established as the official grade of the street. While the street is in violation of an ordinance that provides that when a street grade has been established no permit shall be issued to place any fill thereon, such established grade, as a matter of fact the filling is a benefit, as the City Engineer says, and requires no animation of the territory, it seems probable that the whole depression existing there will some day be filled. The local residents, however, established by a majority petition in this street, and that proper drainage be provided under the present fill in Fourth street.

After Olympic Games.

The Municipal Playground Commission is shaping its campaign to secure, if possible, the international Olympic games for 1916 for Exposition Park athletic field. Charles B. Raitt, superintendent of playgrounds, stated yesterday that application has been made to the American Amateur Athletic Union, headquarters at New York, for full particulars as to what is required of the city selected for the Olympic games and the method of procedure to secure this event.

Completion of the stadium in the athletic field will be necessary and other extensive work will be required on the athletic field if Los Angeles should be so fortunate as to capture this big event in the world's athletics.

City Hall Revision.

Chief of Police Sebastian will today submit to the Police Commission his plan for the placing of all collection agencies under the jurisdiction of the commission and requiring them to secure permits from this body before conducting operations. Public Defender Wood has written to Chief Sebastian commending the plan.

The protests against the improvement of Santa Monica boulevard were presented to the City Council yesterday and the work was accepted by the Board of Public Works yesterday. The Santa Fe Railroad has applied to the Board of Public Works for permission to construct a station building from the Fourth-street bridge to the Santa Fe yard. The City Engineer recommends that such a permit be issued.

The Playground Commission has asked the Board of Public Works to have the City Engineer's department make a survey of the super camp grounds at Seely Flat, in the San Bernardino Mountains, preparatory to putting in more permanent improvements.

Upon application to the Municipal Efficiency Commission, improvement of the city book club, civic organizations and clubs will be provided with speakers to explain the city-county consolidation amendment. A bureau has been organized to supply speakers, with Councilman Conwell as chairman. Several members of the Council have volunteered their services, as have also City Attorney Stephens, George Dunlop, W. C. Shelton, James L. Burdett and others.

The Crescent Wharf and Warehouse Company was granted permission yesterday by the Harbor Commission to reconstruct the wharf destroyed by fire at East San Pedro. This is to be a temporary structure, so as not to interfere with the plans for widening of the inner harbor channel.

There is no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It always cures.—Advertisement.

50c California Olive Oil } 25c

—Not a special purchase, but our own unexcelled 50c grade at 25c as an economy "leader" for Today in the "33 Years" Sale. Limit of two bottles to a customer.

(Hamburger's—Main Floor—On Sale Today)

"33 Years"—Anniversary Sale

—We knew the response would be great, but the throngs—old-time patrons, regular customers, visitors and tourists—who filled the store of the Great White Store yesterday fairly made us gasp. We didn't know there were so many people in Los Angeles.

—And yesterday was only the opening day of this great "33 Years" Sale. Today the buyers of all departments vie with each other in giving the best values for the day. Don't miss seeing what each offers—it's an event worth a trip downtown to see, better yet, to share in this, the greatest celebration the Great White Store has ever attempted—the "33 Years" Anniversary Sale. Come, hundreds of values not advertised for lack of space to tell of them—look for the "33 Years" signs.

50c Embroidered Initial Cases, ea. } 25c

—A maker's over-production—of fine, soft muslin pillow cases, some scalloped, others hemstitched; all elaborately embroidered; size 45x36 inches. No phone orders and not over two pairs to a customer.

(Hamburger's—Main Floor—On Sale Today)

25c "Honeysuckle" COLD CREAM } 12 1/2c

—Another offering from our own stocks to make today one of the best value-giving days in the "33 Years" Sale. The 25c, quarter-pound size, of unexcelled quality. Today at 12 1/2c.

(Hamburger's—Main Floor—On Sale Today)

35c White Batiste, 19c

—A limited quantity of fine 40-inch width batiste—enough for probably one day's selling! One of the most enticing wash fabric items of the "Anniversary" Sale at this lowered price. All white, very sheer and prettily mercerized.

(Hamburger's—Main Floor—On Sale Today)

\$1.95 Couch Covers at \$1.39

—A group the manufacturer let us have on special terms because of the "33 Years" Sale. Extra large size and of heavy reversible Negus and Kashmir tapestry in artistic foliage and Oriental designs.

(Hamburger's—Third Floor—On Sale Today)

Oxfords Bags at \$3.00

—Only through a favorable purchase can we offer these fine bags at the low price of \$3.00. In four sizes ranging from 15 to 18 inches with sewed edges, reinforced corners, lock and side catches.

(Hamburger's—Fourth Floor—On Sale Today)

8-inch Aluminum Sauce PANS } 50c

—Another "33 Years" sale price concession—exceptional values at their usual price of 90c, but into the "33 Years" Sale they go at 50c each; 8 inches in diameter with a 3 1/2 quart capacity.

(Hamburger's—Basement—On Sale Today)

\$10 Wool Fibre Rugs, 9x12 Feet } \$6.95

—Bought underprice to sell at a distinct saving in the "33 Years" Sale, these artistic, sanitary and reversible wool fibre rugs; in the patterns and colorings most popular in favor, too.

(Hamburger's—Third Floor—On Sale Today)

At the Courthouse. WANTS GOLDEN WORDS CASHED.

Seventy-eight Foreign Million Gross Tonnage to Join the Trade Conditions Greatly Improved

WASHINGTON BUREAU OF TRADE, Oct. 27.—Seventy-eight foreign-built vessels have been admitted to American registry since the set of August 18 of this year. They have a combined tonnage of 7,544 gross tons and add \$10,000,000 in efficiency to the American merchant marine trading with foreign countries.

Twenty-five of the new ships were formerly owned by the United Fruit Company and ten by the United States Steamship Company.

The new ship registry law did not take effect until September 8, 1914, and it was not until that date that the President approved the law.

It is since September 8 that the new ship registry law has been in effect. All of these ships except the five formerly owned by the United Fruit Company, were American-owned before the European war broke out, but they were forced to leave the country.

The following named ships, formerly owned by the Tropical Fruit Company (British), have come under the new law:

The Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation.

The Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation.

The Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation; the Tivoli, tonnage 5017, owned by the Tivoli Steamship Corporation.
